Germans Attempted to Swing Power on Extradition Scheme

Made Effort to Have One Allied Power Recede From Position and Influence Other Allies—Move Admitted a Failure

London, Feb. 9.—Germany has been trying to detach one of the Allies from the extradition demand by offering to conclude a treaty with that power, according to a statement attributed to Matthias Erzberger, German Vice-Premier and Minister of Finance, by The Daily Mail's Berlin correspondent, which says:

"I have gone so far as to be ready to purchase the renunciation of this surrender demanded by the Allies at the price of sacrifices of other things. I have negotiated with one Allied power, declaring myself ready to conclude the negotiations if this power was willing to bring its influence to bear over the other Allies. Unfortunately the assurance given to one of my ministerial colleagues and myself has not been kept."

The Daily Mail's correspondent learns that the negotiations were of a technical nature and did not conflict with the spirit of the peace treaty and that the German Government supports the extradition of the accused.

German Assembly.
Berlin, Feb. 9.—Decision as to whether the German National Assembly will be called to consider Germany's answer to the Allied demand for the extradition of the accused is expected soon. The cabinet met yesterday and considered the list of men whose surrender is desired and the Allied covering note.

The Allied Powers demand access to archives and possession of all German documentary evidence, so that the prosecution may be facilitated. The covering note is understood to declare the Allies do not purpose to grant amnesty to men not named in the list, but will reserve the right to prosecute them should they be apprehended on Entente soil.

Declared Impossible.
Berlin, Feb. 9.—Philip Scheide-mann, former Secretary for Foreign Affairs, writing in The National Zeitung, says that since the Government, with the approval of Parliament, signed the peace treaty it has tried to fulfill the conditions imposed, but since June last he has seen that such fulfillment is impossible.

Auer, former Minister of the Interior, says he is well disposed toward the Allies and will place no difficulties in the way of the German Government handling over the persons demanded.

French Pessimistic.
Paris, Feb. 9.—The more prominent names on the extradition list here yesterday.

Most of the papers adopt a pessimistic attitude regarding the probability of German giving up the accused persons, and virtually all the newspapers dwell upon what one of them term "the change in policy of Mr. Lloyd George."

The Matin says: "Asking for the extradition of the ex-Kaiser, the former Chancellor and the Admiral is an act to which the Allied command probably would not have subscribed. Unless the delivery of the former Kaiser is exacted from Holland,"

MISUNDERSTANDING NOW IS REPORTED

French and Belgian Extradition Lists Not Seen in Britain

London, Feb. 9.—A semi-official statement issued last night speaks of a "misunderstanding" with regard to the list of Germans demanded by the Allies. It states that the French and Belgian portions of the list have not been seen in the United Kingdom and, therefore, it can not be assumed that Great Britain will lend full support to such unknown lists, which are bound to become the subject of communications between the Allies and the Germans.

The lists, however, it adds, remains without modification and holds good.

German Officers.
Berlin, Feb. 9.—A secret meeting of army and navy leaders a month ago, in anticipation of a demand for extradition, compiled a set of regulations for common action. These instructions which are signed by Generals von Heringen, von Kueck and Falkenhayn, as well as otherwise, declare that it is no violation of honor for one to place himself outside the pale of seizure by his own Government or the Entente. Therefore they must refuse to surrender, refuse to recognize the legality of a foreign court and do nothing in the shape of personal defence or otherwise, acknowledge such a court but make the following declaration in the German language:

"I have merely done my duty as a German soldier. As such I refuse to recognize a foreign court and also decline to make any further statement."

HULL CITY COUNCIL, QUEBEC, SAYS HONORS BESTOWED TOO FREELY

London, Feb. 9.—(Canadian Press.)—The Hull City Council has memorialized the Prime Minister, deploring the very loose way in which honors were distributed within its area during the last two years, and also protesting against honors being conferred for cash payments either directly or indirectly.

One councillor said his mother had made him a member of the Order of the British Empire and he was proud of it.

Five Churches Unite In Forward Movement Drive

Five hundred church workers in Victoria and more than three hundred others outside of the city and up the Island, grouped in teams according to congregations, started on the Forward Movement financial drive to-day. It will be continued until the end of the week.

Organizations were completed last week and last minute instructions were issued to assembled workers last night. The national drive opened in every city in Canada to-day.

Big Donations Early.
Methodists got away to a flying start to-day when T. E. Marriner, who has been leading the church organization along the lines of the organizations for Victory Bond drives, announced that the David Spencer family had given \$10,000 to the Movement. Of this \$2,500 is credited to Victoria and up as far as Mainland. Mr. Marriner also announced the donation of \$10,000 from W. H. Malkin, of Vancouver. The objective of Victoria and up as far as Mainland is \$75,000. For the whole of British Columbia the Methodist objective is \$150,000.

Anglicans Get Bonds.
Anglicans have set the largest island quota before them. It is \$35,000 for the diocese of Columbia of which \$25,000 is to go towards the general fund.

The first Anglican donation came through to-day in the form of a \$50 Victory Bond from an aged retired clergyman who some time ago had scraped together enough to buy the three in his family to live on.

Other Anglican donations to-day include a \$50 Victory Bond from one of the city Sunday Schools. A class of young boys have also raised \$50 among themselves on the monthly instalment plan.

Brigadier-General Heads Workers.
Brigadier-General R. P. Clark who organized and led the last Victory Loan drive on Vancouver Island has taken over and has organized the campaign for Christ Church Cathedral.

R. Ross Sutherland is chairman of the whole Anglican Diocesan organization. Besides General Clark, those working with him from the other parishes are: Edwin M. Brown, St. John's; P. R. Goepel, St. Mary's; Geo. Bay, W. F. Fox, St. James'; G. W. Knox, St. Barnabas'; S. Levings, St. Mark's; A. J. Horne, St. Saviour's; G. H. Walton, St. Luke's; Cedar Hill; Mrs. W. E. Baugh-Allen, St. Paul's; Esquimalt; Col. A. G. Vincent, Strawberry Vale; F. W. Towler, Royal Oak. All other parishes outside of Greater Victoria have similar organizations completed.

AUTO DRIVERS IN IRELAND WORK AGAIN

Belfast, Feb. 9.—Automobile drivers who recently struck as a protest against the order that they obtain Government permits before operating their machines, have called off their strike and are returning to work. This movement is general throughout Ireland outside of Ulster. The men, however, still refuse to take out permits, asserting the authorities insisted upon this formalities in order that the police might interfere with the drivers.

RANEY OPPOSED IN ONTARIO RIDING

Windsor, Ont., Feb. 9.—Attorney-General Raney will not be elected in East Wellington if the Liberty League can help it. Declaring he is "intolerant and tied to the prohibition and anti-racing forces," the local members of the League are planning to send several orators into the eastern constituency to tell the voters why Mr. Raney won't do.

Foch to Visit Warsaw to Discuss Bolshevism

Warsaw, Feb. 7, via London, Feb. 9.—Definite decision has been reached that Marshal Foch, Commander-in-Chief of the Allied armies, will come to Warsaw to confer with Polish military authorities regarding the Bolshevik menace; it is announced by a French language newspaper here.

London, Feb. 9.—Bolshevik forces have evacuated Latvia, according to a statement issued at the Lethbridge Legation here.

London, Feb. 9.—Enormous booty was taken by Russian Soviet troops when they occupied Odessa, according to a Bolshevik wireless message from Moscow received here.

A British and a Russian cruiser are reported to be bombarding the Reds from the harbor.

800 NEW CASES OF INFLUENZA EACH DAY IN BUDAPEST

Budapest, Feb. 9.—Eight hundred new cases of influenza are reported daily and statistics indicate that the malady is fatal to ten per cent. of those stricken.

VISCOUNT ASTOR MAY BE BRITISH FOOD CONTROLLER

London, Feb. 9.—Viscount Astor has been invited to succeed George H. Roberts as Food Controller, according to The Mirror.

EFFORT TO LYNCH COST FOUR LIVES

Troops in Lexington, Ky., Fired; Condemned Negro Sentenced to Death

Excited Mobs Take Firearms From Shops

Lexington, Ky., Feb. 9.—A report received here by telephone during the forenoon said mobs were looting pawnshops and hardware stores in Lexington in an effort to obtain firearms, and had declared their intention of seizing a condemned negro murderer by any means.

Two women were reported to be among those shot by the troops.

While the mob, the ringleaders of which carried a rope, was attempting to get into the court house to get Lockett, a jury found him guilty of first-degree murder and a minute or two later the negro was sentenced to die in the electric chair March 11.

Troops Sent.
Four hundred troops from Camp Taylor, Ky., have been ordered to Lexington to prevent any further trouble and are now en route here, officials announced. The additional troops were requested as it was feared that 300 militiamen could not handle the situation.

AIR RESEARCH BODY IS NAMED

Research Council Puts Forward Work of Preparation For Aviation

Ottawa, Feb. 9.—(Canadian Press.)—The Research Council has appointed an Air Research Commission with a membership of four, with a large association throughout the Dominion, to advise the Government on the lines of research to develop aeronautics in Canada. This commission will report on the possibilities of this work which may be found at various centres in the Dominion, and it will undertake investigations independently also.

Coal Commission.
The Fuel Research Board, to standardize the coals of Alberta, has been fully constituted and the work will be carried out in all probability under the auspices of the University of Alberta at Edmonton.

Committees also were appointed by the Council at its meeting here on food research, physics and engineering. The first named committee is to investigate, among other things, the character and action of the so-called vitamins, which are now known to play such an important part in the human diet.

The Council has made arrangements to discuss with the authorities of Queen's, Laval, Dalhousie and Manitoba Universities the measures which may be necessary to promote advanced scientific education and research.

C. HAPSBURG NOT POVERTY-STRICKEN

Vienna, Feb. 8.—Via London, Feb. 9.—Reports that Charles Hapsburg, former Emperor of Austria-Hungary, is financially embarrassed are denied in a semi-official note issued here. It is asserted he has several million kronen, to which may be added the value of his own and former Empress Zita's jewels.

It is denied that the Government refused to deliver his private jewels until he returned all the gems he had taken to Switzerland. Restoration of only those jewels which were the property of the Hapsburg family, which, it is held, belong to the state, has been demanded.

DECLARES SPOKANE JURORS BIASED

Portland, Feb. 9.—That there is an anti-Bolshevik bias on the part of the Federal grand jury at Spokane which in a report Saturday held that he and others had been instrumental in manipulating wheat deals to their own advantage by misuse of their official positions, was the contention to-day of M. H. Houser, second vice-president of the United States Grain Corporation and nominal head of the Pacific Grain Company.

"I shall prepare a statement, going into all details, and when I make that public I shall refer to certain people by their right names," said Houser.

Koreans Use Bolshevik Rifles and Rout Japanese

London, Feb. 9.—Northern Korea has been evacuated by the Japanese, it is claimed in a Bolshevik wireless dispatch from Moscow to-day quoting an Omsk message. The population rose to aid Korean forces from Chinese territory, it is declared.

The Omsk message, as given in the Bolshevik wireless, says that on February 6 bands of Koreans raised in Chinese territory crossed the frontier and attacked the Japanese. Masses of the population are joining the insurgents, it is added, the Japanese retreating and evacuating Northern Korea.

Korea from Klerin, Manchuria, and attacked a Japanese post of 700 men at night, killing 300 of them and routing the remainder.

According to these dispatches, the attack was the initiation of an active rebellion in Korea. It was described as "the beginning of a tremendous affair."

Economic Council of Allies Declares for Exchange Meeting

Suggests Ministers of Britain, France, Italy and Belgium Meet and Consider Proper Measures to Be Taken

Paris, Feb. 9.—Consideration of the general European financial situation as reflected in the exchange rates has resulted in the adoption by the Supreme Economic Council of a resolution advocating a conference of competent Ministers of France, Britain, Italy and Belgium to consider possible measures for relief.

Financial writers here devote little space to the sentimental aspects of the situation that figured in earlier discussions, but recognize that adoption of heavy taxation, stringent economy and reduction of imports by France must be awaited before the several conventional methods of bettering the situation can be applied. It is pointed out that the total debt of France at the end of 1919 aggregated 238,474,133,590 francs.

ASQUITH FAVORITE IN ELECTION RACE

Betting in Paisley Is Two to One on ex-Prime Minister

London, Feb. 9.—Betting men in Paisley are offering odds of two to one on Asquith in the by-election for the House of Commons, six to four against Bigger, the labor candidate, and ten to one against McLean, the Coalition candidate.

More conservative prophets are inclined to give Mr. Asquith a small majority.

Haldane Creates Stir.
London, Feb. 9.—Mr. Asquith is expected to deal in campaign speeches in Paisley with Lord Haldane's statement that the hope of to-morrow lies with Labor.

"What nonsense is this?" Mr. Asquith is quoted to have exclaimed when shown Lord Haldane's pronouncement. "The Liberal Party has not been so vigorous since the end of the war as it is to-day. The same thing might have been said when Liberalism was under a cloud toward the end of the South African War."

There is not a little speculation as to why Lord Haldane made his declaration at this moment, seeing that his old chief when fighting the most strenuous battle of his career.

It is said that Mr. Asquith's speech on the peace treaty and the international future has been echoed all over the world, but it has called forth little comment here.

The Westminster Gazette considers he gives the country an ample new lead in declaring for a revision of the peace treaty by the League of Nations. This paper also considers Mr. Asquith fully justified in asserting that two thousand millions is the utmost Great Britain is likely to get from Germany.

Lord Buckmaster, who was Lord Chancellor during Mr. Asquith's administration, will speak for the ex-Prime Minister this week. In a Sunday paper Lord Buckmaster said:

"If this Government falls, it might be possible for a Tory Ministry to take charge under Lord Robert Cecil, even in the present House of Commons, and without abating one iota of my Liberal principles, I would rather see such a Government in power than the present one."

NEW WESTMINSTER DEATH.

New Westminster, Feb. 9.—Alexander Matheson, for thirty years a resident of this city, and one of the best known men of the district, died yesterday.

Koreans Use Bolshevik Rifles and Rout Japanese

London, Feb. 9.—(Canadian Press.)—The Prince of Wales Saturday presented a letter of commendation to the Second Battalion of the Leinster Regiment, the subsidiary title of which is "Royal Canadians."

The regiment, raised in Canada at the time of the Crimean War and it still bears the Maple Leaf as a collar badge. The Regimental plate was presented many years ago by the Canadian Government. The Prince invited into his car, Sgt. O'Neill, V. C., and Corp. Cunningham, who won the Victoria Cross at Vimy Ridge.

3,000 MORE COOLIES TO LEAVE COAST

Vancouver, Feb. 9.—More than 2,000 coolies who served in France arrived in this city on Saturday night and yesterday in special trains. They will be embarked to-day for William Head, the steamer Princess Charlotte taking the coolies to the quarantine station, where they will await shipment to China.

URGES ULSTERITES TO BE PREPARED

Lady Massereene Says Ulster Will Not Be Cut From Empire

London, Feb. 9.—A dispatch to The Manchester Guardian from Belfast says that much comment has been aroused by a speech made by Viscountess Massereene at a Unionist meeting in Antrim, in which she declared that "Ulster is determined never to surrender her rights, and if any attempt is made to sever her from the British Empire, men will swarm over from England and Scotland to assist against the common enemy."

"The enemy is at our gates and must be fought," she concluded. "Let us arm ourselves with a clear consciousness that Ulster will never surrender an inch of her soil or title of right to the insidious, bloody foe. And when the time comes let us be ready as one to strike for the Protestant faith, liberty, king and country, and the land of Ulster will deliver such a buffet to our enemies that these people will carry its mark to the scaffold and grave."

GLOUCESTER, N. J., USES MUCH WATER

Gloucester, N.J., Feb. 9.—Consumption of water here has nearly doubled since July 1, when the wartime prohibition act became effective. The municipality has just drilled two artesian wells to augment the water supply in anticipation of a still further increased demand.

FOUND DEAD.

Nelson, B. C., Feb. 9.—John Horton, retired Canadian Pacific gardener at Nelson, was found dead in a chair at his home here Saturday afternoon when a neighbor went to deliver his mail. Mr. Horton, who was seventy-nine years old, was last seen a few hours before, clearing snow from his sidewalk.

PAISLEY ELECTION CENTRE OF ATTENTION

Asquith's Unemotional Style of Campaigning Raises No Visible Enthusiasm

London, Feb. 9.—(Canadian Press.)—While the eyes of the whole Empire are upon the Paisley by-election, it must be conceded that Paisley itself is the centre of the political hubbub of which it is the centre. Men listen stolidly to Mr. Asquith, who is campaigning with his unemotional style. He arouses no outward enthusiasm. Many candidates receiving such a poor reception as befalls him when he speaks, for instance, at factory gates, would feel disheartened, but this does not necessarily mean that the ex-Prime Minister is not commanding the election to the victors.

The election, so far as all three candidates themselves are concerned, is eminently a gentlemanly one. Such few personalities as there have been have come from hangers-on seated on rear benches at meetings. One allegation was made that Lady Bonham-Carter, daughter of Mr. Asquith, was married to a German. Lady Carter herself gave a withering reply.

Liquor Question.

The Labor candidate, Biggar, is suffering some rather comical embarrassments by reason of his being secretary of the Glasgow Public House Trustees Union, thereby holding five licenses, but as candidate for the co-operators, he has an eye upon the women's vote, which, ostensibly, is reserved for the candidate who will support the license without seeking compensation. Nevertheless, all Paisley electors are not teetotalers. Mr. Asquith has declared, indeed, that Scotch whisky can defy world competition. None of the candidates, when tackled by the temperance party, has declared for immediate prohibition.

Mr. Asquith has severely handled the manifesto issued by former Liberal members in favor of the Labor candidates in Paisley.

"It is a manifesto by a very small group of gentlemen. Their names are familiar to us all," declared Mr. Asquith. "They say it is unlikely that I can ever lead the people in the path of democracy. I led the British people during the most critical period of their history into the path of honor."

"They further say that while I was inviting our people to wage war for self-determination, I was making secret treaties with Russia, France, Italy and Roumania which contradicted every principle for which we went to war. I am prepared to justify every treaty on strategic considerations. It is idle to talk about secrecy in matters which are part and parcel of war operations."

AN AWARD OF \$500 AGAINST NEWSPAPER

Montreal, Feb. 9.—For an error in reporting J. K. L. Lafamme's disappearance, was condemned by Mr. Justice Allard to pay Mr. Lafamme \$500. While the latter was in New York, La Presse published a news item under the following head: "What has become of Mr. Lafamme?" The mysterious disappearance of the secretary of the Postmaster-General causes much disquietude.

The plaintiff alleged that there was absolutely no foundation for the report that he had disappeared, and sued for \$25,000 damages.

SIR G. FALCONBRIDGE DIES IN TORONTO

Well-known Jurist of Long Standing in Ontario Succumbs

Toronto, Feb. 9.—Sir William Glenholme Falconbridge, Chief Justice of the King's Bench and President of the High Court Division of the Supreme Court of Ontario, died Sunday afternoon at his home here. He was taken ill last Monday with influenza while attending to his duties as a judge in Osgoode Hall. Bronchial pneumonia developed a few days later, and while his condition was regarded as serious, hope for his recovery was held out until Saturday.

Glenholme Falconbridge was born in Drummondville, Ontario, on May 12, 1846, a son of the late John Kennedy. Falconbridge, J.P. He graduated from the University of Toronto as a Bachelor of Arts, having won prizes and scholarships and a gold medal for modern languages. He was Professor of Modern Languages in the Yarmouth Seminary, N. S., in 1866-1867, going from there to the University College, Toronto, where he was a lecturer on Italian and Spanish during part of 1867 and 1868. Changing his profession, he was called to the Bar in 1871. He was elected a Barrister of the Upper Canada Law Society in 1883 and was made a Q. C. in 1885.

Judicial Career.

His judicial career extended from November, 1887, when he was appointed a Justice of the Queen's Bench Division of the Supreme Court of Ontario, until his death. Further honor came to him in 1900, when he was appointed Chief Justice of the Queen's Bench Division of the Supreme Court of Ontario.

Sir Glenholme married Mary Sullivan, daughter of the late Mr. Justice Sullivan, in 1873, their children numbering three, a son and two daughters.

University Senator.

Sir Glenholme was a Senator of the University of Toronto from 1881 until 1896, when he resigned because he would not countenance the action of the Senate in proposing to confer an honor on the late Professor Goldwin Smith.

In religion Sir Glenholme was an Anglican.

ROAD DEVELOPMENT OF THE DOMINION

Ottawa, Feb. 9.—While estimates of proposed highways expenditures in the various provinces will not be sent on to Ottawa for approval for some time yet, Highways Commissioner Campbell, who has the administration of the Federal aid to highways plan in hand, is optimistic over the prospects for the coming construction season.

Mr. Campbell said that there was every evidence that each of the provinces is seeking to work out a general scheme of trunk highways which will be of benefit to the whole Dominion and the Highways Department here is not being flooded with applications for approval of a lot of schemes such as might have been expected.

NOYES TO LECTURE IN CALIFORNIA

Pasadena, Cal., Feb. 9.—Alfred Noyes, the English poet, will spend a term at Throop Institute, of Pasadena, here this year and will deliver a series of lectures on English studies during that time. This announcement has been made by the Throop College authorities. Mr. Noyes spent a term at Throop College in 1917, when his lectures on the college terrace were attended not only by students, but by hundreds of people from Pasadena and Los Angeles as well as scores of easterners then enjoying vacations here.

VETERANS' LEAGUE AND GRATUITY REQUEST

Toronto, Feb. 9.—The demand of the veterans for a gratuity of \$2,000 to each returned man was discussed at a largely-attended meeting in Massey Hall here Sunday afternoon. J. Harry Flynn, president of the United Veterans' League, was greeted with cheers when he declared that if the Federal Government did not listen to the peaceful prayer of the men's petition, it would then be a question of demand. He said that a detachment of 50,000 returned men might be started to Ottawa if the petitions for the gratuity were not acceded to.

TRAINS STOP WHERE "WET" GOODS SOLD

Calexico, Cal., Feb. 9.—Calexico no longer entertains passengers on the limited trains of the San Diego and Arizona Railroad during the thirty minute stops daily for change of engines and switching operations. Officials ordered the stop made at Mexicali, across the border. Mexicali is "wet."

SAFETY MEASURES.

Brazil, Ind., Feb. 9.—Kissing and the "political" handshake should be abolished at this time as a preventive against influenza, in the opinion of Dr. George W. Finley, Commissioner of Health here. The military salute should take the place of the handshake for a greeting, Dr. Finley believes. He offers no substitute for kissing.

TO BE HANGED.

Saskatoon, Feb. 9.—John Watkins, a returned soldier of Roscoe, Sask., was sentenced by Mr. Justice McKay Saturday afternoon to be hanged to die upon the scaffold for the murder of Archie Purcell and Harry Brand. April 26 was the date set for his execution.

PREPARE FOR USE OF MANDATE IN MELANESIAN ISLANDS

Melbourne, Feb. 8.—The Royal Commission appointed by the Australian Federal Ministry to recommend a scheme for administering the former German possessions in the Pacific, has forwarded its report to the Governor-General (Sir Ronald Munro Ferguson). The Commission, of which Mr. Justice Murray (Lieutenant-Governor of Papua) was chairman, visited all the territories which have been entrusted to Australia under the mandate from the League of Nations, and made exhaustive inquiries into the methods of government adopted by the Germans during their occupation. The Solomon Islands, which are under British administration, were also visited. The recommendations of the Royal Commission will be considered by the Federal Cabinet at an early date, and a complete scheme will be formulated for submission to Parliament.

Every Women's Ambition For Rosy Cheeks Now Easily Satisfied

Hollow cheeks with dark lines under the eyes, how a woman hates them! But rosy cheeks, clear skin, and bright eyes, give them to a woman and she is happy.

The woman who attracts, whose fresh, dainty complexion compels admiration, is always careful of her health, particularly of her blood condition. Bad complexion always means bad blood.

Girls, don't let your blood grow thin or watery. To do so brings on haggard looks and declining strength. Many a woman who has allowed herself to run-down, to develop that tired, worried look has built up again in this simple way. Why don't you try it?

At the close of every meal, just take two small chocolate-coated Ferrozone Tablets—any person can do this in a minute. The action of Ferrozone is apparent at once. It sets you up, makes you feel good, starts up your appetite, aids digestion, brings that old-time feeling of youth into the system again.

Ferrozone puts you on the right road—the one leading to health. Not a man, woman or child needing blood, vigor, endurance—not a person who is weak, nervous or sickly, not a person in ill-health who won't receive immediate help from Ferrozone.

As a tonic and restorative, as a health-bringer and body-builder, Ferrozone is unrivalled. It cures because it feeds and nourishes, because it contains the elements that build up and strengthen. For better looks and better health try Ferrozone yourself, sold everywhere, 50c. per box, 6 boxes for \$2.50, or by mail from The Cattarhose Co., Kingston, Ont.

FORMER AUSTRIAN OFFICERS CHOP WOOD

London, Feb. 9.—A dispatch from Vienna says forty officers of the old Austrian army, ranging in rank from lieutenant to lieutenant-colonel, have gone to work as laborers in wood chopping camps at forty crowns a day. One major remarked that it was better than starving.

DOUGLAS FIR MANNA.

Missoula, Mont., Feb. 9.—"Douglas fir manna," more properly designated melezitose, is about one-half sugar content, but sugar can not be obtained from it for less than \$66 a pound, according to reports received from the forest service products laboratory at Madison, Wis. The "manna" occasionally forms during summer droughts or in dry regions on the leaves and twigs of the Douglas fir.

AN INSURANCE SCHEME.

Austin, Texas, Feb. 9.—A schedule for writing blanket policies on oil and oil properties in Texas has been approved by the State Fire Insurance Commission. The schedule was approved upon application of an oil insurance association of forty-seven companies, and the risk is to be shared among these companies. Estimates are that premiums on oil insurance run above \$500,000 annually, and the risk covered is above \$100,000,000.

TO AUSTRALIA.

Berkeley, Cal., Feb. 9.—The University of California Glee Club has announced that its members will travel to the Hawaiian Islands and Australia next summer. A similar tour was arranged last summer, but war-time transportation conditions prevented the collegians from undertaking the trip.

STATES AND JAPAN TRADING WITH INDIA

London, Feb. 9.—The United States and Japan have taken over, since the beginning of the war, virtually all of the big export trade which the Central Powers had with India, says an official report, which adds that undoubtedly American competition in India has come to stay.

The place of the Central Powers has been taken by the United States so far as iron and steel, machinery, hardware and instruments are concerned. Japan has taken the trade formerly held by Central Powers in such articles as electrical accessories, copper, paper, glassware, textiles, beer and clothing. The bazaar trade in cheap, showy goods has been entirely captured by Japan.

SOUTH CALIFORNIA ATTRACTS TOURISTS

Los Angeles, Feb. 9.—Southern California, comprising 70,399 square miles, was the most "tourist" area in the world during 1919, according to the touring bureau of the Automobile Club of Southern California, which furnishes the following statistics for the year in support of its claim: Road maps distributed to local and visiting motorists, 2,491,570. Telephone and personal calls for road information, 299,719. Letters received from eastern motorists asking advice regarding the best overland route, 10,841.

EXCHANGE SITUATION AFFECTING THEATRES

Toronto, Feb. 9.—Due to exchange conditions local theatres are faced with the necessity of cancelling their contracts for attractions from the United States, as the American producers object to accepting Canadian money at heavy discount. One local theatre is considering the engagement of a stock company for the balance of the season.

TO MEET IN OAKLAND.

Oakland, Cal., Feb. 9.—Ice cream manufacturers from the southwestern and Pacific coast states will hold their 1921 convention in Oakland next January, according to W. T. Vahlberg, member of the conventions committee of the Oakland Chamber of Commerce.

About 300 representatives are expected to attend. The California Association has been enlarged and has changed its name to the California and Southwestern States Ice Cream Manufacturers' Association. It includes Nevada, Arizona, New Mexico, Utah and Hawaii.

MOVEMENT WAS URGED BY PREACHERS

Church Forward Campaign
Dealt With Yesterday by
Toronto Ministers

Toronto, Feb. 9.—In many pulpits in this city yesterday the importance of the campaign to raise money in connection with the Inter-Church Forward Movement was emphasized in anticipation of the week's big drive, which began this morning. Five denominations—Presbyterian, Methodist, Anglican, Baptist and Congregational—are setting out to raise a total of \$11,500,000 this week, each denomination working for itself, but all combining the movement. The objectives of the denominations are as follows:

Presbyterian, \$4,000,000; Methodist, \$4,000,000; Anglican, \$2,300,000; Baptists, \$7,000,000, and Congregational, \$1,000,000.

The Methodist campaign headquarters reported last night that already almost \$1,000,000, or a quarter of the objective, was in sight in special subscription.

In Saskatchewan the Methodists are said to be so enthusiastic that in some districts where there have been no crops for three years the farmers are borrowing money in order to share in the campaign.

St. John is setting the pace for New Brunswick. A telegram to the Methodist headquarters from St. John stated that churches of that city would exceed their objectives.

Three Toronto Methodist churches expect to reach their goals to-day. These are Timothy Eaton Memorial, \$275,000; Trinity, \$58,000, and St. Paul's Methodist Church, \$25,000.

LEADERS OF PRESS OF BRITAIN WILL VISIT DOMINION

London, Feb. 9.—The second Imperial Press Conference is to be held in Canada during next August and September. Leading representatives of the newspapers of the British Empire have been invited by the Canadian press to attend the conference to discuss their common aims and interests and also to obtain, by means of a tour throughout the Dominion, a first-hand knowledge of its life and resources.

The delegation from the United Kingdom will include proprietors and editors of the prominent daily newspapers, with Lord Burnham, of The London Daily Telegraph, as chairman. Lord Northcliffe, of The Times and other papers, also has stated his intention of attending.

CALIFORNIA SOLDIER SETTLEMENT SCHEME

San Francisco, Feb. 9.—California is starting the first land settlement of soldiers in the United States. The colony is established at Delbi County, in the upper part of the San Joaquin Valley, and will be modelled upon the successful state land settlement project at Durham, Cal.

The Delbi settlement comprises about forty farms of from ten to eighty acres and twenty farm workers' allotments of from two to four acres.

Supplies have been purchased by the state and will be sold to the settlers at cost.

The state land settlement board passes upon applicants for farms, former service men being given preference. The applicant must have \$1,500 to start and the state undertakes to finance him, the farm being paid for in small payments over a long period of time. There have been hundreds of applicants.

SOUTH AMERICAN AEROPLANE SERVICE

Buenos Ayres, Feb. 8.—Tri-weekly aeroplane passenger service has been inaugurated between this city and Montevideo, Uruguay, by the French aviation mission. No charge is made for the trip, the passengers being selected by invitation, but soon it is expected that the service will be operated by the Franco-Argentine Aerial Transportation Company, which will charge a fare. The mission will dispose of its equipment to the company, which, by establishing this service, will be the pioneer commercial aviation company in South America.

The aeroplanes make in about an hour and a half, the trip across the mouth of the River Plate to Montevideo that takes a fast river boat ten hours. Machines carrying twenty-five passengers or more are expected from France for use in the regular commercial service.

AN UNUSUAL WILL.

San Francisco, Feb. 9.—Here is the text of a will left by Charles P. Jurgensen, a laborer who died recently which Judge Thomas P. Graham pronounced one of the best ever filed for probate here: "I bequeath everything which I have to my beloved wife, Amelia Jurgensen, for we both worked hard together to accumulate it, and if any relative appears to claim a share, he shall receive \$5."

160-YEAR-OLD CLOCK.

Riverside, Cal., Feb. 9.—A "grandfather" clock, 160 years old and still ticking strong, has just been presented to P. T. Evans, of Riverside, by Frank A. Tetley, who obtained it sixteen years ago in Pittsfield, Mass.

It is said to be one of the oldest examples of the early colonial American clockmaker's skill.

CAPE TOWN FLIGHT.

Khartoum, Sudan, Feb. 9.—The aeroplane owned by The London Times, which is among the Cairo-to-Cape Town flight machines, arrived here at 6.15 o'clock last evening. Three of the cylinders were in bad order, the water circulation system of the engine being disabled. The machine left Assuan yesterday morning at 7.15 o'clock.

HUNTING RECORD OF PENNSYLVANIA

Philadelphia, Feb. 9.—Pennsylvania hunters last year killed legally 4,913 male deer weighing 378,690 pounds. They also shot illegally 119 male fawns and 207 does. The bear hunters got 472 carcasses and those who went after rabbits killed 2,719,879. Turkey shooters got 5,181.

Fatal accidents exceeded former years, 35 persons having been killed and 123 wounded. The state game bureau is paying out about \$1,700 a day at present to those who present pelts from noxious animals at this season. The bounty is paid from the revenue from hunters' licenses, of which 395,000 were issued.

BRITISH GOVERNMENT STILL SHOWS DEFICIT

London, Feb. 9.—A deficit of £29,729,000 in British Government finances is shown for the first nine months of the current fiscal year ending March 31 next. The Exchequer returns show a total revenue of £269,252,000. The expenditure, however, was £1,125,981,000. The deficit was covered by borrowing.

A USEFUL BODY.

Perhaps one of the most important items of business transacted by the Convention of British Columbia Boards of Trade in Vancouver last week was that which resulted in the formation of an Associated Society of British Columbia Boards of Trade. At the present time the various boards are grouped into associated bodies covering large areas. Not infrequently healthy rivalry has given place to sectional differences and conflict because of the absence of common ground upon which beneficial co-operative action might be taken. The link now has been forged and the Province should derive considerable benefit from the promise of co-ordinated effort.

Not a few of the members of the local Legislature indulge in an annual warning to the representatives of the more populous communities that there are other cities in British Columbia besides those on the coast. Although the reminder usually is dropped in a friendly way it is not difficult to detect at times just a little impatience on the part of some of the "up-country" members over what they deem to be a species of official indifference to the relative value of rural and industrial development. It is quite possible, of course, that a department of the public service may not lend itself to speedy conviction that a particular road or trail would do all that its sponsors predict for it; and while an instance of this kind may be a highly important matter for the member whose offices have been sought by his constituents, it is invariably a part of a more general policy to do or not to do such things unless such negative or positive action may be regarded as good for the Province as a whole.

It would be an excellent stroke of business, for instance, if the Government were to construct the P. G. E. to the Peace River country during the next fiscal year; but if the Sumas reclamation scheme, the trans-provincial highway and the Southern Okanagan development project were to remain in abeyance in the meantime it would not be good business for the Province. An active British Columbia League of Boards of Trade, however, might reasonably subject the Province to an economic survey from time to time, while the resultant pooling of ideas for the general advancement of the whole should elicit information of a character which might be valuable to the Government when it is asked to consider the spending of public money on specific undertakings.

CANADA'S TRADE BALANCE.

Canada's balance of trade with the rest of the world in the calendar year 1919 was very much in her favor. During that period she exported products valued at \$1,294,920,372, while her imports aggregated \$941,000,700, the favorable balance being therefore more than \$350,000,000. On the basis of her trade relations with the outside world generally Canada's dollar should be as good as the United States piece anywhere.

This favorable balance, however, came chiefly from Canadian trade with the United Kingdom, the Dominion selling in that market goods to the value of \$528,035,514 and buying there products valued at only \$87,516,819. Thus the balance of trade between Canada and the United Kingdom favors this country by over \$440,000,000. The Dominion also had favorable balances in trade with Australia, South Africa, New Zealand, France, Roumania, Italy, Norway, Belgium, Denmark, Holland, Brazil, Argentina and a few other countries.

But this large margin in Canada's favor is largely counteracted by the excess of imports over exports in her trade with the United States. Last year she bought in the republic goods to the value of \$740,580,000, and sold in that market products valued at \$454,686,000, the adverse balance thus being about \$286,000,000.

It is not this balance against us in our trade with the United States, however, which puts our dollar where it is in that country. There always has been a big margin against Canada in her trade with her neighbor, and actually her currency always has been liable to discount against the line, although in many communities that disability was not imposed. In the present case, however, we are selling goods to Europe on credit and paying cash for what we buy in the United States. If Europe were able to pay Canada in cash for what the Dominion sells there our exchange in the United States would revert to normal or near it.

BELATED CO-OPERATION.

It is satisfactory to note that co-operation between the Federal and Provincial settlement boards is now assured. General Odium's visit to Ottawa—although it never should have been necessary—apparently has resulted in a workable arrangement. The new development, in any case, has demonstrated the efficacy of provincial legislation, despite the fact that its progressive nature compelled a halt until federal machinery could strike a speedier gait. Only by a sensible application of both Federal and Provincial settlement Acts by joint enterprise will it be possible to provide suitable lands for the many returned men who are anxious to make their home in this Province. The plan that is about to be inaugurated is three years behind time and nearly two years behind the lead set by British Columbia

in a phase of repatriation which it was virtually forbidden to touch.

A BROAD VIEWPOINT.

The speech of Mrs. Ralph Smith in the Legislature was a convincing refutation of the argument employed by opponents of women's participation in public affairs that, if elected to Parliament or other law-making assemblies, they would not be sufficiently catholic in their views to deal with matters outside of those which belong essentially to the realm of their sex. Mrs. Smith discussed a wide range of subjects of special interest to both sexes with an understanding and a freedom not surpassed by any of her colleagues.

There really is nothing surprising in this, for in view of the circumstance that the Legislature up to a short time ago was exclusively a masculine institution, it was reasonable to assume that a woman who aspired to enter it would have to familiarize herself with the problems which made up the usual legislative problem, whatever they might be, and with the point of view of the members.

The development of the natural resources of the Province, for example, is of as much concern to the women of British Columbia as to the men, and they are even more interested in the development of the human factor. Incidentally, may we point out that Vancouver's lady representative also has demolished another ancient contention of the antis in the sparing way in which she uses her opportunities to address the House.

Whiskey, canned fruits, vegetables, chocolates, golf balls and motor cars have figured very largely in United States exports to Great Britain. This is a slur on Scotland, the agricultural areas of the midland counties; and imagine the Old Country golfer demanding the American golf ball! No wonder exchange is down.

One of the opponents to the Hope-Princeton road told the Legislature last session that responsible Government could not reconcile itself with a project which would have to include the harvesting of snowballs in June. The proposal, at any rate, is a very "lofty" one.

The year's vital statistics show that Victoria is the healthiest city in Canada. It is well known to be the most beautiful. The meteorological statistics show that it has the finest climate. The influenza returns show that it is the only place which appears to be telling the truth, the whole truth and nothing but the truth, about the number of cases which have developed since the last wave began. Thus, it is also the most honest.

Last year Winnipeg doctors issued over half a million prescriptions for liquor, equivalent to a draft on John Barleycorn of 156,719 gallons. New Minister of Health please note.

Turkish Bolsheviks announce a holy war on Great Britain for this Spring. We have heard that tale before many a time.

The last time we had a sugar shortage in this part of the country we learned that an Eastern Canadian refinery was shipping sugar to New York, Baltimore and other populous centres in the neighboring republic where almost famine prices were obtained. We wonder if that process is going on now. The Board of Commerce ought to be able to find out. It also should regulate the export of commodities of this kind to the point of safeguarding the reasonable requirements of the Canadian people. Unless this is done Governments, national, provincial and municipal, will be forced by an angry population into going into business in these products on their own account.

Among those on the list of German officials the Allies are demanding that Germany surrender is Field-Marshal Liman von Sanders. He is charged with inspiring the massacre of the Armenians. On the other hand General Sir Ian Hamilton declares that von Sanders was a humane, chivalrous opponent and his name should not be on the list. Whatever may have been von Sanders' faults it is doubtful if he had anything to do with the massacre of the Armenians, the authors of which unquestionably were Enver Bey and Talaat Pasha. The extinction of the Armenians was part of a deliberate policy springing from fanatical hatred which had been in existence in Turkey long before the war, and before von Sanders had anything to do with the Turkish army.

Sir Robert Borden lunched with Premier Lloyd George on Saturday. This is our guess at a part of their conversation: Sir Robert: "When do you propose to go to the country?" The Prime Minister: "Why should I go at all while Liberals and Labor split the opposing voice?" Sir Robert: "I think I see your point." The Prime Minister: "Do I understand that you will follow my lead?" Sir Robert: "Well, you see, this is my position: my forces are watching the Farmers, the Liberals and the Tories very much in the same way as you are contemplating the Liberal and Labor parties." Mr. Lloyd George: "Between you and me, Sir Robert, I have arrived at the conclusion that our game is to hang on and wait and see."

THE DE KOVEN LEGACY.

To that very large part of the theatre-going public which delights in light opera the death of Reginald de Koven will be almost a personal loss. Until Victor Herbert came on the scene Mr. De Koven was America's best and most liberal provider of operetta, and it is evidence of the fine quality of even his earliest works that some of them are remembered as well as fondly they were like a quarter of a century ago. While Mr. De Koven had ambitions beyond operetta and showed them in two grand operas, one of which was produced at the Metropolitan, he was wise enough in the years of his madet work to realize that while the musical stage had plenty of pretentious stuff it lacked just what he was willing to give it, light, tuneful music. His last work, a second grand opera, has yet to be produced. Whether it be a success or not will not affect the place he held in the hearts of a people whom he did so much to please. So long as the numbers of "Robin Hood" are sung and whistled De Koven will not be forgotten.

FIVE CHURCHES UNITE IN FORWARD MOVEMENT DRIVE

(Continued from page 1.)

Want Even More Workers.
Two hundred Anglican workers for Victoria city entered on the campaign to-day. To-day and to-morrow they held a noon-day rally and luncheon in St. John's schoolroom.

Even with this number out, however, because of the "flu," an emergency appeal for more helpers was sent out early to-day from the central office. All who can spare any time at all during the week to aid in the drive are asked to communicate with their parish chairman or clergyman at once. This Forward Movement Drive in the local Anglican congregations is being linked up with the Diocesan Diamond Jubilee Feast. Thanksgiving. Subscriptions need be paid only partly in cash. Installments may be promised for March 15, November 15 and similar dates in 1921. All contributions, unless otherwise marked, will be applied first to the \$60,000 fund for the increase of clergy stipends. It is pointed out, however, that any donor may designate his subscription to any object mentioned in the Anglican Forward Movement appeal.

Methodists Busy.
Arthur Lee is chairman of the organization for the Methodist drive here, with the Rev. S. Cook, of Fairfield, as secretary. T. E. Marriner has charge of the organization for the southern part of the city and the Fairfield district. Those in charge of the other districts are: W. N. Mitchell, Centennial; William Daniels, Victoria West; W. M. Smallwood, Esquimalt; William Glover, Belmont; D. C. Oliver, Hampshire Road; the Rev. A. E. Stevenson, Sidney and Saanich.

Young Presbyterians in Work.
The Rev. John Gibson Inkster announced early to-day that Presbyterians will cover 800 families, and their organization is so complete that no worker will have more than fifteen families to call on. Rev. Mr. Inkster seeks to secure \$5,000.

Rev. Mr. Inkster declared that the Presbyterian campaign in Victoria

will not be exactly a "financial drive" but a visitation of the congregation to receive contributions that men and women are willing to make for peace and victory. The Presbyterian organization is under George McGregor, chairman of the finance committee; R. W. Mayhew, general director; Bayard Gammel, acting general director and secretary of committees; R. G. Howell, chairman of spiritual aims; James Forman, chairman of subscriptions; Aubrey Hoyle is leading the young Presbyterians, who have agreed to raise one-tenth of what the whole Presbyterian community raises.

The Rev. A. F. Munro, of Duncan, has charge of the Presbyterian organization for the whole of Vancouver Island.

Congregationalists of the Island under the Rev. W. D. Spence as "key man," William Scowcroft as director, and Harry Masters as secretary, are out to raise about \$3,000. But this is not their limit. This is only what they are going to get for the Forward Movement. They are also to raise about the Forward Movement quota a large sum of money to wipe out the indebtedness of the First Congregational Church. They

TWENTY-FIVE YEARS AGO TO-DAY

Victoria Times, February 9, 1895.

Keith Wilson appeared before Magistrate Macrae to-day and swore to an information charging Theodore Lubbe with assault. The case grows out of the alleged striking of Mr. Wilson, who was a candidate for Mayor at the recent election, by Mr. Lubbe on the morning of election day at the Pandora Street entrance to the City Hall, and within a few steps of the polling booths. Owing to the prominence of both parties the hearing will, no doubt, attract a big crowd.

It was rumored this morning that the Government had been further embarrassed in the unfortunate Government Buildings matter by the receipt of a report that the men at work at Haddington Island quarry had not been paid for some time, and that they were actually in want of food.

French Charge the Government's disapproval of von Lersner's action.

Worst Are Named.

The covering note says that not all Germans guilty of infractions of warfare are included in the list, but for reasons of practicality, only those are cited to whom the greatest responsibility attaches. The Allied Powers, however, do not propose amnesty for those not included, but reserve the right to prosecute them in the event they are apprehended in their territories. Possession of all German documentary evidence and access to the archives also are demanded to facilitate prosecution.

In a supplementary note, the Allied Powers reply to the German communication of January 25, which explained Germany's reasons for not carrying out the extradition provision.

No Evasion.

Premier Millerand, in a letter to Gustave Bauer, intimates that he does not hold the German Government responsible for Baron von Lersner's

Only the Rich Wore Glasses Once

For many years the use of spectacles was confined to people of wealth—they cost too much for others. A prince of Saxony paid \$250 for a pair, which he was two years in getting. \$75 was a usual price. Now anyone who needs them can get them overnight for an outlay which none will feel is a hardship. Crucial Phase.

L'Homme Libre says: "This is the most crucial phase of the execution of the treaty. German resistance is assuming an intensity heretofore unknown."

The Guevre comments: "The Allied Governments hesitatingly are requesting the extradition and Germany is unhesitatingly refusing. 'It is certain,' says The Petit Parisien, 'that as long as the officers and diplomats of the former regime remain all-powerful in Germany, we can not hope for sincere adhesion to the Treaty of Versailles.'"

Berlin, Feb. 8.—Via London, Feb. 9.—The Allied list of war criminals and the covering letter was handed to Premier Gustave Bauer at 9 o'clock Saturday night by M. de Marcellly, the French Charge d'Affaires here. A letter from Premier Millerand accompanied the notes and list, explaining the new procedure of the Allies as the outcome of the refusal of Baron Kurt von Lersner to transmit the list to the German Government. Premier Bauer expressed to the

PROPOSED STREET CAR CONTRACT EXPLAINED

Mayor Shows Advantages to
Be Derived From Reasonable
Jitney Regulation

In showing the advantages which the city will derive from the passage of the Corporation's Private Bill and by the resulting regulation of jitneys on Victoria streets, Mayor Porter gave The Times a copy of the proposed agreement with the B. C. Electric Railway Company on the question—an agreement which would form the basis of a future contract. It is provided by this contract—which, of course, was dependent upon the regulation of jitneys—that:

1. The Company shall put into effect a fare schedule making the regular fare on all lines six cents with transfer privileges, six tickets being sold for thirty-five cents; special tickets for children under twelve at all hours and for school children during school hours to cost twenty-five cents for strip of ten, children under five being carried free of charge.

2. The same rates for electric lighting be enforced here as in Vancouver. This would probably make the rate per kilowatt six cents, abolish meter rent and make the minimum per month fifty cents.

3. That the company undertake to maintain the strip of roadway between the tracks within eighteen inches of both sides of the rails.

Y.M.C.A. MILITARY
WORK TO CONTINUE

Red Triangle Clubs Will Be
Closed Out as Requirements
Cease

Vancouver, Feb. 9.—Although the war has been over for sixteen months and the Canadian soldiers are all home, the Military Service Department of the Canadian Young Men's Christian Associations is still carrying on a big work for the soldiers and has its plans laid to continue doing so during 1920 but also into 1921.

Capt. H. A. Pearson, the secretary of this department for Alberta and British Columbia, has just returned from the national convention at Toronto and when asked for a statement regarding the military service work of the Y. M. C. A. stated that the Association was prepared to carry on for the sake of the returned men as long as there was opportunity and as long as the department could get the necessary funds to do so.

For 1920 work the National Council Y. M. C. A. has appropriated a sum of \$47,000 for military work in Canada, the work in all other quarters having been closed out.

It is the intention of the Association to carry on any unnecessary work and the closing of several of the Red Triangle Clubs had been contemplated. When this became known, however, returned soldier organizations requested that the clubs be continued, as they considered they could still serve a very useful purpose. As the clubs become unnecessary they will be closed out and the money devoted to more necessary work.

Future Effort.

A large field for service is opening up in connection with the soldier land settlement schemes. The Y. M. C. A. is working in full co-operation with the Land Settlement Board officials and already has more or less extensive programmes in operation.

Complete programmes are being supplied the Tuberculosis Hospitals all over the country as well as to the other military hospitals in the cities. In Capt. Pearson's area, moving picture and other entertainment programmes and supplies are being supplied to the T. B. Sanatoria at Tranquille, Balfour, Frank, Wetaakiwi, as well as to the T. B. wards in the hospitals in the cities. The Association is taking particular pains to ease the conditions of these men.

The various training settlements organized by the Soldiers' Civil Re-establishment Board such as the Point Grey Agricultural School and the Amiens Training Farm at Matsqui, wherever they are established are given supplies and equipment for athletics, entertainment, reading and writing, the moving picture programmes being the special feature.

These services are all rendered entirely at the expense of the Y. M. C. A. except that the men pay for their meals and beds at the Red Triangle Clubs. It can be seen therefore, that careful business management must be exercised to make \$297,000 pay for such services all over Canada as are being rendered in these two provinces.

When asked if the men appreciated the service being given Capt. Pearson said that while the Association was not doing this work for thanks or any other reward and never asked anyone for a word of commendation, it is most gratifying to receive the hearty expression of thanks from officers and staffs and men all ranks in the different fields of the "Y's" activities.

SAANICH FRUITGROWERS
Association Did Business Amounting to \$80,000 Last Year.

The annual meeting of the Saanich Fruit Growers' Association was held at Keating on Wednesday.

The annual reports were presented to the members, who considered them very satisfactory, the sales of small fruits, etc., for the season 1919 amounting to \$80,000.

The following were elected directors for the year 1920: Messrs. Tanner, Tubman, Lehman, Oldfield, McCarthy, Holman and Sutton.

Owing to the large influx of fruit growers into this district at the present time the Association is looking for a banner year in 1920.

During the evening Mr. Jas. Grant, Prairie Market Commissioner, gave an address on the market prospects on the prairie.

When Little Folks Eat

Major and Mrs. Walter Barton have gone over to Vancouver where they have taken up their residence at English Lodge.

Mr. and Mrs. Thomas Braidwood, of Oscar Street, and their little son Darrell are in Vancouver, where they will attend the double wedding of Mrs. Braidwood's two sisters, which is to be solemnized this week. While in the mainland city they are the guests of Mr. and Mrs. George Burns, Mount Pleasant.

Col. and Mrs. Davies, Mr. and Mrs. Lionel Taylor, and Mrs. W. H. Brown were among the Victoria guests present at a delightful coming-out party given in Vancouver on Friday night by Major and Mrs. Crehan in honor of the formal debut of their daughter, Miss Edna May Crehan.

Two enthusiastic Princeton men who have been attending the Associated Boards of Trade meeting in Vancouver, were in the city Saturday in the person of P. W. Gregory and R. Waterman. They came to the coast to support the Hope-Princeton route of the proposed Trans-Provincial Highway.

Tickets are selling readily for the big Aerial League dance to be held at the Alexandra Club on Wednesday evening of this week, and the affair promises to be as enjoyable and successful as its predecessors. The ballroom is to be elaborately decorated for the occasion. Hiscox's six-piece orchestra has been engaged, and will play an exceptionally pleasing programme of music.

Mrs. P. G. Shallcross, of Vancouver, asked a few friends in to tea on Friday afternoon in honor of Mrs. Thomas, of Victoria. The guests were Lady Piers, Mrs. Julius Griffith, Mrs. Edward Mahon, Mrs. Mayne D. Hamilton, Mrs. Lorne Cameron, Mrs. H. H. Kier, Mrs. Rothwell, Miss Geraldine Camble, Miss Waghorn, Miss Winnifred London, Miss Gladys Peters, of Victoria, and Miss Dorothy Langford.

The people of Sooke are holding another dance at the Sooke Harbor Hotel on Saturday, February 10. Lou Turner's orchestra has been engaged for the occasion. The Sooke road is now in excellent shape and motorists from Victoria who have been in the habit of patronizing the recent dances at the hotel will now be able to appreciate a considerably more comfortable drive out and back than heretofore.

Following a romance which began two years ago when he was in New York on his way home to service from active service with the Canadian forces in France, Lieut. Gitz Rice the Canadian song writer yesterday took as his bride Miss Ruth Hoffman, of New York. Miss Hoffman was once on the legitimate stage, appearing in a number of successful productions, and is now in motion pictures. The groom is the composer of the well-known song "Dear Old Pal of Mine."

Organization of a "Royal Purple" Lodge, Ladies' Auxiliary to the B. P. O. E., took place last Thursday at the home of Mrs. A. Gray, Harbinger Avenue. The organization work was conducted by Deputy Supreme Honored Royal Lady Morrow, Dominion Organizer Hastings, Associate Honored Royal Lady Morris, Honored Royal Lady Shaw and Conductress Patterson, all of Vancouver. The officers elected for the Victoria Lodge for the ensuing year are: Honored Royal Lady, Mrs. W. D. McWha; Associate Honored Royal Lady, Mrs. P. Raymond; Lecturing Lady, Mrs. E. Carlow; Royal Lady, Mrs. A. Gardiner; Royal Secretary, Mrs. C. W. Brooke; Royal Treasurer, Mrs. D. W. Spencer; Inner Guard, Mrs. W. Sande; Outer Guard, Mrs. A. Gray; Trustees, Mrs. B. Dames, Mrs. J. Graham, and Mrs. O. A. McDonald.

Local friends of the young couple will be interested in the following announcement from the last issue of The Vernon news: "A very pretty wedding took place last Thursday afternoon at the home of Mr. and Mrs. A. C. Phillips, Schubert Street, when their daughter, Miss Nellie May, was united in marriage to Mr. Cecil John Ryan, of this city. The bride looked very charming in a dress of blue georgette edged with pink ribbon and draped over oriental georgette of blending shades, and was escorted by her father and assisted by Miss Muriel Phillips, niece of the bride, dressed in Bedford cord. The best man was Wilfred Phillips, brother of the bride. After the ceremony was performed by the Rev. Thomas Keyworth, and which was witnessed by immediate relatives only, a dainty wedding breakfast was served, after which the happy couple were entertained for Victoria, where they will reside. Mr. Ryan is entering business in that city. A large crowd of friends gathered at the station to bid farewell and offer congratulations."

On Saturday evening at the residence of Mr. and Mrs. W. J. Bishop, 1762 Fourth Street, in the presence of a large assembly of guests, a very pretty wedding took place when Captain the Rev. Dr. Campbell celebrated the marriage of William Strickland, of Nanaimo, and Miss Amy Dwyer, of Victoria. The bridegroom was accompanied as best man by W. J. Bishop. The bride, who was attended as a maid of honor by Mrs. Roy Harvey, was attired in a smart traveling suit of brown velvet with hat and veil, and carried a bouquet of white roses. The matron of honor wore a handsome gown of brown georgette and carried a bouquet of pink carnations. The flower girl was pretty little Miss Mercedes Harvey, who was dressed in a dainty frock of white silk, and carried a bouquet of pink roses. The drawingroom in which the marriage was solemnized was artistically decorated with pink carnations and white chrysanthemums. After spending a honeymoon in Seattle, at Portland and other Sound cities, Mr. and Mrs. Strickland will make their home in Nanaimo, where they have a large circle of friends.

Lord Glenconner, a much traveled British nobleman, is at the Ambassador Hotel, at Santa Barbara, California, at the moment. Lord Glenconner is a brother of Mrs. Herbert Asquith, and has been a member of

the British Parliament. He has a home at Peebleshire, Scotland, and a house in Westminster. Lady Glenconner is the mother of six children. She is a writer of note and is devoted to art. The oldest son, Edward Wyndham Tennant, went to the front at the opening of the war, although he was but seventeen years of age at the time. He went through the battle of the Somme, but was killed at its close. Another son, the Honorable David Tennant, has taken his place in the family. He is with the family at Santa Barbara, as is his brother Stephen. "The Ambassador" is well known to British Columbia folk who long have patronized it as "Hotel Potter." It is situated in a park of thirty acres set to semi-tropical trees and shrubs, and is at the ocean's edge. Santa Barbara was discovered by Cabrillo fifty years after Columbus discovered America, and eighty years before the Mayflower landed on the New England coast.

TO HOLD ANNUAL MEETING

The annual meeting of the Victoria branch of the Anti-Tuberculosis Society will be held to-morrow afternoon at 2.30 in the cafe of the Alexandra Club. Dr. A. G. PRESENTED STANDARD TO JUNIOR CHAPTER

Daisy Chain Chapter, I.O.D.E.

Receive Handsome Gift From Mrs. Griffiths

Mrs. A. F. Griffiths, regent of the Medical Chapter, I. O. D. E., presented the Daisy Chain Junior Chapter, I. O. D. E., with a handsome standard at the annual meeting of the chapter held at the home of Mrs. E. M. Love, at Craigdarroch Road on Saturday afternoon. An inscription on a brass plate attached to the pole recorded the presentation. Miss Helen Bennett, the Chapter's standard-bearer, received the standard from the donor, and Mrs. Lowe, on behalf of the members, expressed their sincere thanks to Mrs. Griffiths for her generous gift.

Officers Elected.

The election of officers for the year resulted in the re-election by acclamation of Mrs. E. M. Love as regent. Other officers were as follows: First vice-regent, Margaret Campbell; second vice-regent, Dorothy Norris; secretary, Kathleen Muir; treasurer, Mona Miller; standard-bearer, Helen Bennett.

The report of the secretary, Kathleen Muir was as follows: "The past year has been very successful for this chapter, and one that the officers and members may look back on with satisfaction. Thirteen new members have joined and the chapter now has twenty-eight members. On May 1 a silver tea set was held at the home of the regent, resulting in the increase of the chapter's funds by \$34.75. On November 19 a sale of work at the home of Mrs. Stuart-Robertson netted the sum of \$172.77. During the year donations have been given to the High School cadets for their uniform fund; the I. O. D. E. War Memorial Fund; Sir Arthur Currie's autobiography book, the Protestant Orphanage, the Children's Aid, the Daughters of the Empire, the Anti-Tuberculosis Society, the last four donations being for the benefit of children.

Support Indian Girl.

Besides these donations, the yearly sum of \$40 has been sent to India for the upkeep of the chapter's protégé, Lilawati. On December 26 the chapter contributed \$25 towards the widows and orphans' Christmas tree in December, and the members also assisted in entertaining the guests. At the June meeting the chapter had the pleasure of hearing an address by Miss M. A. Campbell, of the Zenana Bible Mission, when she gave news of Lilawati. During the year the members received an interesting letter from Lilawati telling how she was progressing in her schoolwork and enclosing paintings of flowers she had done. In November the Chapter sent her a Christmas parcel."

Financial Report.

Much satisfaction was expressed at the excellent financial report presented by the treasurer, Mona Miller, the balance in hand being \$125.27. Mrs. Love, the regent, addressed the members, congratulating them on their achievements during the past year, and thanking them for their loyal co-operation. During the afternoon the meeting was addressed by Miss A. B. Cooke, municipal education secretary, on the subject of the War Memorial scheme. At the close of the formal proceedings tea was served.

NELL SHIPMAN and "Wapi" in "Back to Gods Country"

Present Pictures to Esquimalt School—A delegation of members of the Esquimalt Chapter, I.O.D.E., visited the Lamson Street School on Thursday and formally presented a set of five historical pictures illustrating the progress of the navy from the time of the reign of Henry VIII to the present day. Owing to the absence through indisposition of the regent, Mrs. Henry Currie, the presentation was headed by Mrs. Hazen Ritchie, the former regent. Mrs. Belson gave a stirring address on the subject of the pictures, which were included as a memorial to the boys of the school who gave their lives in the great war.

TO ENCOURAGE THE WOMANLY VIRTUES

Interesting Exhibit Held in Japan For Benefit of "New Women"

Tokio, Feb. 9.—Under the auspices of the Nippon Kodo-kai, a society having for its object the upholding of a high standard of morality, an exhibition, the first of the kind ever attempted in Japan, was held for two days, at the society's building in Nishi-Ogawamachi, Kanda, for the purpose of affording object lessons to the women of to-day, who are apt to be swayed by the ideas of "new women" and to ignore the ideals of womanly virtues set up by Japanese tradition. There were over 500,000 visitors on exhibition, and these were all relics of precious values in the possession of noble families, rich men, and others interested in the moral welfare of the gentler sex. In a special room was hung the well-known "Song of the Diamond" composed by the late Empress and written in her own handwriting.

The room also contained a "suzuri-bako" (writing-box) with this interesting feature: the cover is lined with a piece of slate, a contrivance which speaks eloquently of the frugal habits of the late Empress, as it was used by her for writing down a poem not yet satisfactorily expressed, and to be improved before making a fair copy.

Among various exhibits which could not fail to interest those who are versed in the history of Japan, especially in the womanly virtues' golden deeds which brighten the pages of Japan's annals, one is here mentioned, as it will appeal highly to Westerners. This is a letter by the celebrated wife of Hosokawa Tadaki. She is known as Gracia in the history of early Christianization of Japan. Her unflinching devotion to her faith in the hour of her peril forms a pathetic episode in the drama, precluding the final unification of Japan by Iyeyasu, the shrewd founder of the Tokugawa line of Shoguns.

The epistle and the ceremonial robe with family crests associated with the tragic end of the Nogis, a sad event which intensified the gloom attendant upon the demise of their late beloved Sovereign, were also on view, and these greatly attracted the notice of the visitors. Literature relating to woman's culture was adequately represented. It was a pity that this instructive exhibition did not last longer; but the promoters considered it too much risk to retain the precious possessions in their keeping for more than two days.

WELL-KNOWN ALBERNI GIRL WEDDED LAST WEEK

Alberni, Feb. 9.—A very pretty wedding took place on Wednesday evening last when Janet May Forrest, eldest daughter of George Forrest, the well-known contractor of Alberni, was united in marriage with William John Eaves of Kindersley, Saskatchewan. The ceremony was performed by the Rev. H. A. Bain, of St. Andrew's Church, Alberni, at the home of the bride's parents, in the presence of a large number of relatives and friends. The house was very tastefully decorated for the occasion. A large arch erected in the drawing-room by the bride's father had been beautifully decorated with evergreens; from the centre was suspended a white wedding bell, strung with electric lights with charming effect.

The bride, who was born in Alberni, was charmingly gowned in white satin and georgette, and her bride veil was the same as worn by her mother at her wedding. She was attended by one bridesmaid, her sister, Miss Agnes Forrest. Two little girls, Harriet Forrest, the bride's sister, and Dorothy Holt, acted as ushers. The groom was supported by James Hills, Jr.

After the ceremony the guests, who included visitors from Moose Jaw, Sask., Victoria and Duncan, sat down to a delicious supper. The balance of the evening was spent in music and singing. The presents were most numerous and handsome, testifying to the popularity of the young couple. Mr. and Mrs. Eaves are spending their honeymoon in Alberni and will leave next Tuesday morning for their future home at Kindersley, Saskatchewan.

MAKE PLANS FOR HUGE HUDSON'S BAY COMPANY PAGEANT

Representative Meeting Formulates Tentative Programme

Plans for the huge Hudson's Bay Company pageant to be held here this Spring were considered at a widely-representative meeting in the Hudson's Bay Company, Friday, May 21, public luncheon, Saturday, May 22, motor drive; Sunday, May 23, free; Monday, May 24, street pageant and water pageant at the Gorge, followed in the evening by celebrations to be arranged by the company; Tuesday, May 25, departure of the Governor and his party.

Programme Suggested. The programme tentatively was arranged as follows: Thursday, April 20: Arrival of Sir Robert Kindersley, Governor of the Hudson's Bay Company; Friday, May 21, public luncheon; Saturday, May 22, motor drive; Sunday, May 23, free; Monday, May 24, street pageant and water pageant at the Gorge, followed in the evening by celebrations to be arranged by the company; Tuesday, May 25, departure of the Governor and his party.

Among the important speakers at this morning's meeting was Dr. George Bryce, the historian and author, who is also the author of the official record of the company. He is visiting in Victoria. Dr. Bryce pointed out that the pageant would be of very great historical value, and he urged that the exhibition of fur-bearing animals in this connection should be made a big feature of the celebration. It was only right, he thought, that Victoria should make elaborate preparations for the event in view of the splendid service the company had been to Western Canada. The education of the public on the subject of fur-bearing animals was particularly opportune, he observed, in view of the fact that the Dominion Commission of Conservation, of which he is a member, was to discuss the protection of these animals at an early meeting.

Warmly supporting the plan for a big pageant, John Cochrane, President of the Canadian Club, invited the Governor and his party to a luncheon of the Club in Friday, May 21. The committee in charge of the arrangements intends to take advantage of this offer.

Water Carnival. George I. Warren, of the Vancouver Island Athletic Association, stated that this organization was prepared to stage a water carnival at the Gorge and to import a historic atmosphere, would make Indian canoe races and other events the chief feature.

J. F. Scott, President of the Rotary Club, promised on behalf of the Rotarians that they would supply the total land assessment already made. The Governor's party, the Cathedral and to other points in the Island.

Besides the main events thus brief, the committee in charge decided to stage a series of pageants to have floats in the street pageant symbolizing the different periods in the Hudson's Bay Company's history. In this connection the provincial authorities will be urged to allow the exhibition of various fur-bearing animals for use on the floats.

Further arrangements were left in the hands of a small committee composed of Mayor Porter, C. H. French, manager of the Hudson's Bay Company here, George I. Warren, of the V. I. A. A.; John Forsythe, Provincial Librarian; Comrade Purser, of the G. W. V. A.; and W. A. McAdam, Commissioner of the Island Development Association. These gentlemen will meet at the City Hall this afternoon and go further into plans for the celebration.

Those Attending. There were present at this morning's meeting representatives of a large number of public organizations, including the following: Aldermen Sargent and Alderman Johns, the City Council; W. A. McAdam, the Victoria and Island Development Association; J. E. North, of the V.I.A.A.; Walter Harvey, Provincial Arts and Industrial Institute; J. Forsythe, Provincial Librarian; George S. McTavish, the Hudson's Bay Company; H. T. Havenhill, the Victoria Branch of the Navy League of Canada; John Cochrane, President of the Canadian Club; F. G. Purser, of the G.W.V.A.; J. M. Gould, the Army and Navy Veterans; Dr. George Bryce; Edward S. Blair, of the Ride of the Island, S.O.E.; S. J. McTeffer, the Army and Navy Veterans.

Dean Quanton to Speak.—The Kiwanis Club will hold its weekly luncheon at the Dominion Hotel tomorrow. Dean Quanton has consented to address the club.

Want Route Changed.—Premier Oliver told a delegation of eight members from the Municipality of Surrey this morning that the engineers' reports on the Cloverdale route for the international highway would be very carefully checked before the Government reached a decision on the matter.

The deputy informed the Premier that the Semiahmoo route would be the more practical for the simple reason that it would serve ten times as many people.

Charged With Stealing Overcoat.—Arthur H. Brennan appeared in the police court this morning charged with stealing an overcoat, the property of Harry Edith, of Duncan. The case was remanded until tomorrow.

MAYOR HOPEFUL FOR CITY SUGAR SCHEME

"We are very hopeful that our plan to purchase sugar and to sell it to the citizens at a reasonable price will come to a successful conclusion without delay," Mayor Porter stated after a conference with members of the City Council this morning. "We have thrashed out the whole matter, and already have an offer of sugar which we can purchase. It is unfortunate for our plan that the Government does not allow the sale of sugar at more than sixteen cents a pound, when it is almost impossible for us to get sugar for that price. It would seem that only the refineries could sell at that figure. However, we are making plans which we expect to mature soon, but naturally we do not wish to publish just what we intend to do in a business way."

Charged With Stealing Overcoat.—Arthur H. Brennan appeared in the police court this morning charged with stealing an overcoat, the property of Harry Edith, of Duncan. The case was remanded until tomorrow.

THREE MONTHS FOR TAKING UNDERWEAR

Kwong Was Chased by Man in Jitney Before He Was Caught; Had Six Eggs

For stealing a suit of underwear, half a dozen eggs and some milk, Kwong, a Chinaman, was sent to jail for three months this morning by Magistrate Jay in the police court. The accused wanted the court to believe that a small boy had given him 25 cents to take the parcel away, but the evidence given by witnesses for the prosecution showed this to be erroneous.

It developed that Kwong was seen to enter the residence of William Mitchell, 1215 Fourth Street, by a neighbor. When the Chinaman emerged carrying a parcel the neighbor telephoned for the police, while a little girl followed. The man became alarmed, and the little girl shouted to a man who was on the street, and he jumped into a jitney and chased the Oriental for five blocks, before he overtook Kwong. The court was adjourned, while Mitchell was taken in the patrol to his home to see if his stolen underwear was missing. On his return he announced that it was not there.

Kwong said that the parcel containing the underwear, eggs and milk was taken from the house, and that a small boy gave him 25 cents to go and get it.

OBITUARY RECORDS

The death occurred yesterday at the residence of "Ardmore."

North Saanich, of Ellen Sprout Bowman, wife of Archibald M. Bowman, aged fifty years. Born in Fernhill, Co. Donegal, Ireland, she had been a resident of Canada for the past fifteen years. The funeral will take place from the residence at 2 o'clock on Tuesday, February 10. The Rev. P. Letts will officiate and interment will be made at Holy Trinity Cemetery. Flowers left at the B. C. Funeral Chapel on the morning will be conveyed to the residence.

The funeral of Christina Richards, the two-year-old daughter of Mr. and Mrs. Charles S. Richards, took place on Saturday afternoon at two o'clock from the Sands Funeral Chapel, the Rev. F. W. Flinton officiating. With the little casket was covered with many beautiful flowers. Interment took place at Ross Bay Cemetery.

The death occurred at Winnipeg yesterday, February 8, of Ellen May Roberts (Maidie) wife of H. Roberts, daughter of P. J. Stapcoole, K. C., of Victoria. She was thirty-one years of age, had recently been visiting her father in this city, and the news of her death was a great shock to her many friends. Much sympathy will be extended to Mr. Stapcoole, who is at present suffering from indisposition.

Mrs. Charles Nelson, 1809 Crescent Road, has received the sad news of the death of her father, Douglas McTavish, which occurred after a short illness, at the home of his son, Rev. Lorne McTavish, at Edmonton.

The death occurred at Kamloops, B. C., on Saturday evening of Hilda Mary, wife of Fred A. Jones, formerly of 3055 Carroll Street, Victoria. She was twenty-two years of age, and a native of Seaton, Devonshire. She is survived by her husband, her parents, Mr. and Mrs. F. Diment, 1452 Begbie Street, Victoria, one sister and four brothers, all of this city. The remains will be brought to this city for interment.

The funeral of the late Henry Symcock, who passed away at the Royal Jubilee Hospital on January 31, was held last week at New Westminster. The funeral was largely attended by members of the I.O.O.F. and Masonic lodges of the city. Mr. Symcock was 60 years of age, and was born in Stormont, Scotland. He is survived by two sisters, Miss A. Symcock of Victoria and Mrs. Winton of Oakland, Cal., and two brothers, Kenneth and Charles Symcock, residing in England. The pallbearers were: A. Adams, J. Mordell, R. Fulton, D. Ross, R. R. Macfarlane and J. Morrison.

The remains of the late Ellen Annie Burkmar was laid to rest Saturday afternoon. Services were held at the Thomson Funeral Home at 3 o'clock. The hymn sung by the many friends in attendance was "Safe in the Arms of Jesus." There were many floral tributes. The remains were interred in Ross Bay Cemetery.

The funeral of the late Stanley Reginald Millman took place Saturday afternoon from the Thomson Funeral Home at 3 o'clock. Services were held under the auspices of the Christian Science Church. The casket was covered with beautiful flowers. The following acted as pallbearers: James Thacker, James Mitchell, Allan Killen and Theo Dinwoody.

G.W.V.A. Band Concert.—The G.W.V.A. band concert last night delighted the usual full house. The outstanding feature of the concert was the playing of Paul Weggers' "By the Forest Brook" by Mr. W. Davies, flautist. Mr. Davies accomplished the shading and toning of this beautiful work in a manner that brought forth unstinted applause from every corner in the house. Miss Bagshaw and Sub-Lieut. F. C. Longland sang very acceptably, while Master Tommy Brown deserved every bit of the applause that he received.

CZECH OFFICERS ON EMPRESS LINER

Dr. Jaroslav Schauer and A. Tronzka of Czecho-Slovak Mission

Advance guard of a number of Czechs expected to pass through this port en route from Siberia to Europe, Dr. Jaroslav Schauer, member of the Czecho-Slovak Government mission to Siberia, and A. Tronzka, of Prague, reached Victoria to-day aboard the Canadian Pacific Ocean Services liner Empress of Asia. The two Czech officers had no information as to the movements of General Gaidai, former commander of the Czecho-Slovak army in Siberia, who is reported to be crossing the Pacific in the immediate future. Although the officers could speak but little English they managed to convey the impression that other Czechs were likely to follow them across the Pacific. The distinctive uniforms of the officers attracted the attention of onlookers after the big liner had come alongside.

The Empress of Asia brought in two hundred and eighty saloon passengers destined for various points in Canada, the United States and Europe.

accompanied by Mrs. Rice, arrived from the Orient.

Dr. T. Hsieh, Chinese labor delegate, is making a tour to inspect labor conditions in the United States. Captains R. M. Allan and twelve other British officers are returning to England after having transported 2,000 Chinese coolies from France to China.

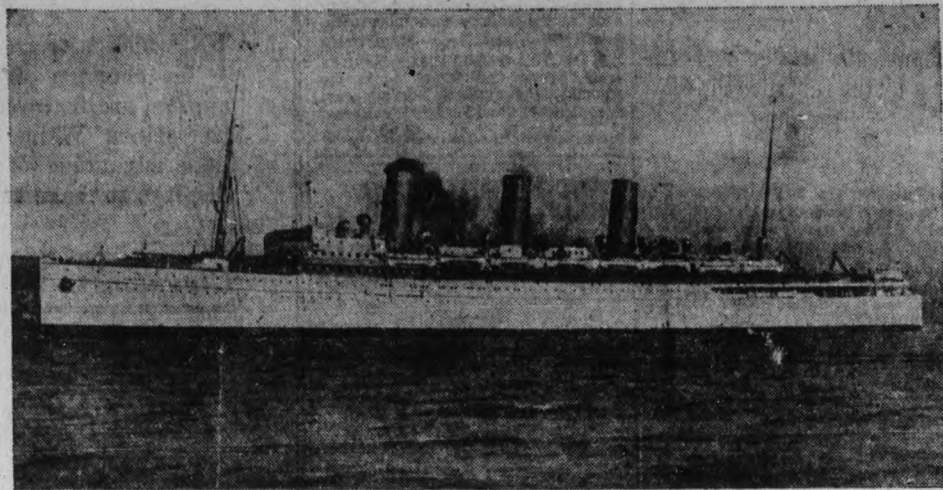

Among others arriving to-day on the Empress of Asia were: Mr. and Mrs. C. H. Black, Sr., and Mr. and Mrs. C. H. Black, Jr., The Messrs. Black are leading steel men in the United States, who, with their wives have been enjoying a pleasure trip of several weeks' duration in the Far East; Dr. McColl, general manager of the Shanghai General Electric Company, and his two daughters, bound to England; J. Winburn, general advertising manager for the New York Street Railway Company, who is returning to the United States after an extended business trip through Japan, China and the Philippine Islands; J. D. Danby and P. R. Nicolle, prominent bankers in China, en route to England; Miss M. K. Howell, secretary of the Women's Council of the Southern Methodist Church, Nashville, Tenn. Miss Howell has been making an inspection trip of the evangelistic and educational works being performed by the mission in different parts of the Orient since last July; A. M. Christensen, a rubber plantation owner of Singapore, and R. R. McKeown, representing the Cadillac Automobile Company, who is completing a business trip to the Straits Settlements.

A large number of passengers left the Empress of Asia here and took the afternoon C. P. R. boat for Seattle.

CHINESE LAWYER EDUCATED HERE

Judge Peter Hing Now Interested in Transportation Development in Canton

Judge Peter Hing, M.A., B.C.L., formerly of Victoria and Vancouver, arrived to-day aboard the C.P.O.S. liner Empress of Asia.

Judge Peter Hing had his primary education at Victoria and was the first Chinese student graduated with high honor from McGill University, Montreal. After his graduation the Judge went to Columbia University, New York, to take up post graduate work in law. Just before the Chinese Revolution Judge Hing went back to China and took great interest in newspaper work. After the revolution he was elected Commissioner of Interior. When the Chinese Republic was organized, Judge Hing was appointed by the Central Government as Chief Justice of Kwongtung Province, which position he held until 1913 when the second revolution broke out. Then Judge Hing began his business career. He became president of several mining corporations, managing director of insurance and real investment companies, and director of The Sincere Company, the largest department store in China.

In 1918 when the Southwest Government of China was organized at Canton, Judge Hing again joined in government service and was appointed Chief of Department in the Ministry of Justice, which position he is still holding. On this occasion Judge Hing came to America in the interest of his Kwongtung Tramway Company, Canton, China. Canton, the largest city in China, having a population of two million people is still without a tramway system. Lately the Municipal Council of Canton has taken aggressive measure in widening the streets of Canton and Judge Hing's Company with registered head office at Hong Kong incorporated \$2,500,000 capital has succeeded in obtaining the franchise to construct and operate a modern tramway system in Canton. Judge Hing, among his many business activities, is the managing director of The Canton Times, the only English daily published in Canton. Judge Hing's name is also remembered in connection with the Wa Ying Yat Po, first Chinese newspaper in Canada, published at Vancouver.

Judge Hing and his party will stay several days in Victoria and Vancouver, and then they will go over to the United States, gathering information and making business connections for the Canton tramway.

AGED HARBOR MASTER IS PNEUMONIA VICTIM

Port Arthur, Ont., Feb. 9.—Basil Guerard, aged ninety-four, harbor-master, died here to-day from pneumonia. Mr. Guerard came here from Quebec in 1869. He was the father of sixteen children and leaves about 200 descendants, there being five generations. On his 90th birthday a family banquet was attended by 170 descendants.

GOVERNOR HAS NEW SOUNDING MACHINE

Admiral Liner Touching Here Equipped With Latest Electrical Invention

The steamship Governor, of the Admiralty Line, is equipped with an electric sounding device, a San Francisco invention, known as the "marimeter." The principle upon which this ingenious device works is the echo of a sound vibration picked up electrically and recorded on a dial. A sound wave is sent out from the bottom of the ship mechanically by percussion. This impulse is recorded electrically and the dial of the recording instrument begins to register. The sound wave travels to the bottom of the sea and returns by echo, which is also picked up and relayed electrically to the recording instrument, causing the pointer to stop.

The distance traveled by the pointer between the first impulse and second impulse shows the depth in fathoms on the dial of the instrument. Sound travels at practically a uniform rate in the water, about 4,900 feet per second. Therefore, the time occupied by the sending of the sound wave and its return by echo shows exactly the depth of the water. Four soundings can be made per minute, all directly under the ship's keel, and it is stated that very accurate results are obtained. The apparatus is said to be as great an advance over the sounding machine as that clever invention was over the old-fashioned hand method of heaving the lead, which frequently took from ten to fifteen minutes to make a sounding and did not give very accurate results at that. The sounding machines employed in the British Navy were quick in operation and in the hands of skillful operators gave very markedly accurate results but in the new electrical instrument the element of human inaccuracy appears to have been eliminated.

OFFICIALS PUT BAN ON TAGGING AT DOCK

No More Collectors Will Be Allowed to Board Ocean Liners Here

The suppression of "tagging," coupled with the demise of "Muggins," the famous Spitz which collected over \$21,000 in Victoria for charitable purposes during the war has resulted in action being taken by steamship interests to put an end to the solicitation of money aboard the incoming passenger liners at the Outer Docks.

Instructions have been issued to the officials at the ocean wharves to put a stop to all appeals to the generosity of travelers passing through this port. The practice was frowned upon when the war came to an end but the international fame of Muggins had the effect of postponing any drastic action by the waterfront authorities.

The famous canine was known to thousands of travelers passing through this port from all parts of the world. Monetary contributions were freely showered upon the dog and it was largely through the generosity of steamship passengers that the collections mounted to such a large figure.

S.S. Vancouver Reported by Liner Mauretania in Need of Assistance

A Canadian Press dispatch from Halifax, N. S., reports the receipt of a radio message to-day from the Cunard liner Mauretania to the effect that the French steamer Vancouver, with her rudder carried away, is in need of assistance. The position of the Vancouver is latitude 39.00 N., longitude 58.30 W., approximately 410 miles from Halifax and 100 miles south of the trans-Atlantic steamship line. The Vancouver, a French wooden steamer of 3,000 tons, and was built at Victoria by the Foundation Company of B. C. Ltd., being one of twenty vessels of the same type constructed here for the French Government.

The Vancouver sailed from this port December 10 with lumber for Queenstown for orders.

EMPRESS OF ASIA PASSED MONTEAGLE IN MID-PACIFIC

The C. P. O. S. liner Monteaagle is expected to reach port from the Orient on Wednesday. The Monteaagle was passed at sea west of the 180th meridian by the liner Empress of Asia, Captain A. J. Hailey, R.N.R., commander of the Empress of Asia, who was formerly master of the Monteaagle, says the Monteaagle was about a mile away when the Asia slipped by her.

REPRESENTS CHINESE LABOR INTERESTS

Dr. Tehyi Hsieh Will Attend National American Labor Conference

Dr. Tehyi Hsieh, special delegate of the Chinese Returned Labor Federation, arrived to-day on the liner Empress of Asia. He represents the Chinese Labor Federation, consisting of men who have done their bit for the Allied in Europe during the war. Dr. Hsieh is to confer with the American labor leaders attending the National American Labor conference at Washington, D. C., with the object of finding ways and means to ameliorate labor conditions in China. The Federation has a membership of over 100,000 from the returned laborers of France, the Straits Settlements and Java.

In an interview Dr. Hsieh says: "The people of China are to be studied. Labor is soon to be a vital factor, especially in the cost of production, and this in the large measure will control the future commercial struggle of the world at large. "We in China must be ready for the working out of constructive policies based upon the principle that, shall be no class in Europe during the war. Dr. Hsieh is to confer with the American labor leaders attending the National American Labor conference at Washington, D. C., with the object of finding ways and means to ameliorate labor conditions in China. The Federation has a membership of over 100,000 from the returned laborers of France, the Straits Settlements and Java.

BOND BETWEEN JAPAN AND UNITED STATES

Development of Silk Industry Is Medium, Declares Noted American Silk Expert

Development of the silk industry, according to W. L. Hess, vice-president of the Goshu Corporation, of New York, appears to be the propitious medium for a better understanding between Japan and the United States. Silk has become the bond through which good feeling will be maintained, despite the efforts of selfish agitators, both in Japan and the United States. Mr. Hess, accompanied by his wife, arrived here to-day aboard the Empress of Asia from Japan.

"My observations are," Mr. Hess says, "that the success of these agitators is only a ripple on the smooth water beneath. It is evident that the solid men of Japan are in perfect accord with the United States, and that the big men of both countries are ever ready to appreciate and harmonize with the spirit that is peculiar to both countries. Further, to foster this high purpose, much can be done on both sides of the Pacific along educational lines, by the use of newspaper articles, moving pictures and other methods.

This will furnish greater numbers of the public of both Japan and the United States to become familiar with each other's viewpoint." Mr. Hess has been in Japan for the past three and a half months for the purpose of perfecting details of the organization which he founded about two years ago, operating in Japan as the Goshu Kabushiki Kaisha, and in this continent as the Goshu Corporation. It is one of the largest raw silk dealing corporations in Japan.

During his stay in Japan Mr. Hess wrote many articles on conditions of the trade which were translated into Japanese in the magazine "Silk of Japan," Chugai Shogyo Shimpou and Yokohama Sanhai Shimbun.

NOTICE TO MARINERS

The following circular has been issued by the Tidal and Current Survey Department of the Naval Service giving latest data on the turn of the current at Camp Point, Johnstone Strait, B. C.: "The data here given are based upon observations taken at Camp Point during six months from June to November, 1919. Accurate time was obtained there by a chronometer, and the observations were compared with simultaneous observation of slack water at Seymour Narrows. "The turn of the current at Camp Point was found, after careful investigation, to correspond best with the time of slack water in Seymour Narrows. "As a result, the time of slack water at Camp Point may be found as follows: "For high water slack, sub. 0 h. 54 m. from H. W. slack in Seymour Narrows. "For low water slack, sub. 1 h. 04 m. from L. W. slack in Seymour Narrows."

BOY SCOUTS TO HAVE RESIDENT ORGANIZER

Appointment Is Made of Mr.
Greene, Experienced in
Boys' Work

Seymour de P. Greene, for some time associated with the Navy League in a secretarial position, has now been appointed general secretary and organizer of the Boy Scout Movement in Victoria and district. Mr. Greene is a specialist in boys' work, with which he has been identified for a great part of his life, and was connected with it before he moved from Duncan to Victoria. He holds the rank of cadet instructor in the militia, and expects to find this experience of value in his new field. The appointment forecasts an aggressive drive for the Boy Scout Movement in this district. It is expected in the course of a few days to be able to make an announcement of several additional troops and packs being organized in the district.

To Peel Off Blochy, Rough or Chapped Skin

To remove roughness, chaps, freckles, blotches, or any complexion difficulty, the best thing to do is to remove the skin from the surface. The new skin is a beautiful soft and supple, bearing the healthy glow of youth. Just apply the wax as you would cold cream, only not rubbing it in. In the morning wash off with warm water. It's the most effective complexion treatment known.

NEW UPHOLSTERING MANUFACTORY WILL BE ESTABLISHED HERE

W. Vise, who for the last two years has been with David Spencer, Ltd., in the workshop and drapery departments will be manager of the new Upholstering Manufactory, which is to be established here. Victoria's wholesale business places. Premises have been secured at 2288 Cadboro Bay Road, and Mr. Vise who has connected with him as partners S. and H. Erickson of Winnipeg, will supply high-class Chesterfields and chairs to the retail stores.

The raw material necessary for the upholstery of furniture will be secured almost entirely in the Dominion, though the company will not go into the actual making of its own upholstery. The special line of new enterprise will be a first-class production of fireside and home furniture, comfortably and sensibly adapted to the needs of the average home. The company is expected to start operations by the middle of this month.

NO APPRENTICES

Only Learners of Nine Months Will Apply to Minimum Wage in Telephone and Telegraphs.

In Vancouver on Friday last the Minimum Wage Board met the garment makers section now operating under the scale set for manufacturers for the purpose of setting a rate for apprentices. All the various sections will be considered by the Board under the provisions of the act, which is based on a basis in respect of an apprenticeship scale may be decided upon for application to all manufacturing trades. The Board will meet the garment workers in this city in about ten days' time.

SETTING A BASIS

Various Sections Under Manufacturers' Order Will Be Reviewed For Apprenticeship Basis.

For the purposes of the minimum wage as applied to the telephone and telephone occupation the apprenticeship scale, which has been in force since the abolition of its in its stead a learner's period of nine months has been substituted. The wage scale as previously set, however, remains unaltered. The foregoing decision was reached when this question was reopened by the Board and the conference in Vancouver last week, according to an announcement made by J. D. McIvor, Deputy Minister of Labor and Chairman of the Minimum Wage Board, this morning.

BAD BREATH IS CAUSED BY CATARRH

Canadians suffer more from Catarrh than from any other disease. On this account Catarrh is dangerous and should be checked at the outset.

It is not necessary to take internal medicine to cure Catarrh. There is a far better method.

Doctors now treat Catarrh by sending a purifying, healing vapor through the nostrils, thus destroying in this way the germs of Catarrh are destroyed.

The only successful vapor treatment is CATARRHOZONE, which the patient breathes through a special inhaler to the real seat of the trouble. The rich, piney essences of Catarrhozone heal and soothe all inflamed surfaces. They effectively treat the nose, throat and lungs with a powerful antiseptic that destroys irritation at once.

Catarrhozone brings into the system the balmy air of the pine forest. It cures completely colds, coughs, catarrh, weak throat, and bronchitis. Once tried, Catarrhozone is always used. Nothing so pleasant, so simple, so quick to relieve, so absolutely sure to permanently cure. Accept no substitute. POPE BENEDICT AND CATHOLIC SCOUT UNITS

Pope Benedict, in a letter addressed by Cardinal Gaspari, Papal Secretary of State, to Michael J. Slattery, of the National Catholic War Council, says "Scouting" expresses his approval and commendation of the effort to organize a Catholic scout unit in each parish in the country.

The letter, which is dated at the Vatican, October 7, reads: "Dear Sir:—The Holy Father has learned with much interest and pleasure that steps have been taken to promote the formation of distinctively Catholic units among the Boy Scouts of the United States; that the movement has the approval and support of His Eminence Cardinal Gibbons and also of so many Archbishops and Bishops and that its chief aim is to build up the Boy Scouts spiritually and physically."

"Such a movement is deserving of the highest commendation. His Holiness, therefore, wishes it every success and gladly bestows the Apostolic blessing on all those who further the Catholic extension of the Scout movement under the auspices of the ecclesiastical authorities."

"With best wishes, I remain faithfully yours
(Signed) J. CARD. GASPARI"

Stomach Disorder ONLY SIX MONTHS TO LIVE

Read What B.B.B. Did For Him

Mr. Hanz Kehki, Magnolia, Alta., writes: "Some years ago I became very sick from stomach disorder, which the doctor told me had started from drinking bad water. I tried local doctors, but finding I got worse from day to day I went to a doctor in Edmonton. He told me that I must have an operation, and that if I didn't I couldn't live any longer than six months. I told him I had better die after six months than be cut to pieces. I did not have the operation, but I had a bottle of B.B.B. I took it for a few days and I felt so much better. I took it for 10 days and I felt so much better. I took it for 20 days and I felt so much better. I took it for 30 days and I felt so much better. I took it for 40 days and I felt so much better. I took it for 50 days and I felt so much better. Hutmen and Metropolis Capture Titles in Final Soccer Games

West's and Wards Follow Knights of Columbus Hut in
Senior Tilt—Metropolis Undefeated in Intermediate
Competition

Saturday's league soccer games, winding up the present league competition, saw the Knights of Columbus Hut take the senior championship by securing an easy three to nothing victory over the weakened Army and Navy team. The Metropolis carried the intermediate league championship after defeating the Postal Service nine to two. The senior race has provided a battle royal, with the issue in doubt up to the last game. Had the Army and Navy men managed to draw with Neary's eleven Saturday the West's would have been even with the champions and a play-off would have been necessary. Congratulations will be extended to the Knight of Columbus team, which has fought hard for its honors and played good, clean football throughout the season. Jubilation in the camp is high especially because of the fact that the honors have come to mark their first season in the soccer game as a team. In sixteen games they have only lost twice, while on two occasions they have played drawn games.

The Metropolis, winners of the Intermediate League competition, have hung up what is probably a soccer record. They have gone through the season without defeat, having won nine and drawn three games. The fighting soccer men from the Victoria West have had hard luck. In both the senior and intermediate league competitions they have been nosed out of the position by one point. Lost to Ladysmith

The Ladysmith eleven is also doing a little celebrating. Following their success in the city league the Knights of Columbus men journeyed to Ladysmith Sunday to meet the Up-Island players. To their great delight the Ladysmith team lowered the colors of the Victoria champions, who were without the services of Roberts, by one goal. The counter was the only one of the game, scored within ten minutes of the start.

The Hutmen had no difficulty in their Saturday's fixture, although they lost the services of Roberts, who went off injured.

In the other games of the day, the Harbor Marine eleven which put on a great sport towards the end of the season, drew with the North Wards four-four. Yarrows and the Comrades also drew, one goal each. The West's garnered a couple of points through the G.W.V.A. defaulting.

The Mets took game from Postals with the highest tally of the day. They netted nine goals against two. The game was rather one-sided after the first fifteen minutes, and more so after Richardson retired with a twisted ankle. Barrie opened the scoring for the Mets. Scotty MacKay equalized shortly afterwards from a rebound. Rickenson and Barrie netted two more shortly afterwards followed by another from Campbell, who took the rebound from a shot by Motion. The score stood 4-1 at half time. The second half saw the Mets on the aggressive at the Postals end, where they held most of the play with the exception of three rushes by the Postals, a goal resulting by one of the rushes, when the Mets' tender took things a little too easy.

Fletcher opened the scoring in the second half with an easy shot followed by another shortly afterwards from Motion, who gave the goal-keeper no chance. Campbell netted another one after some pretty combination work by the forwards from centre field. Two more were netted by Motion and Ledingham before the final whistle blew. Teams: Postals—Sandford, Baird, Gardner, Gedger, Singlehurst, Craigmylie;

On-We-Go's—Art Boyd, Dangerfield, R. Ray, R. Sword, A. Denholme. Bob Whyte refereed to the satisfaction of all. The intermediate game between Midgents and St. Mary's went to 20 after a hard game. St. Mary's—Price, McKay, Shopland, Goodacre, Lorenz. Midgents—Gee, Ward, Nachtrieb, McCann, Brackenridge.

Inter-City Game. Vancouver are bringing over a crack team on Wednesday to play a Victoria team led by Bob Whyte. The game will be the first of the basketball event of the season and the Y. M. C. A. gymnasium is being fitted out to hold a large crowd of spectators.

The hardest fought game of the up-island basketball season was played at Jordan River when the Sooks aggregation went under to the Jordan River quintette to the tune of sixteen to fifteen. The game was clean, very few fouls being given and had it not been for the splendid combination work within the last few moments the Jordan River team would have been beaten. Great credit is due John MacVicar, secretary-treasurer of the Jordan River Club, for the manner in which he has handled sport, as it is the first year that any active part has been taken in athletics in that district.

The honors were fairly even among the players of both teams with the exception of Walker, who did most of the scoring for Jordan River. After the game the players and fans were treated to a buffet supper and dance which was enjoyed by all.

"We are now going after the scalps of the All-Stars of Victoria," says John MacVicar, manager of the Jordan River team and I am going to send them a challenge. I think we can beat them, so if I can make arrangements for a game here on the 21st, it will give us a couple of weeks to get into good shape."

FIRST ALLAN CUP CHALLENGE IS OUT

Regina, Feb. 9.—The Thunder Bay Amateur Hockey Association is the first to challenge for the Allan Cup this season, according to W. C. Bettschen, Regina, secretary of the Canadian Amateur Hockey Association. They have also challenged for the junior championship of Canada. As it is quite possible that the 1920 winners of the Allan Cup will go to the Olympic Games in Belgium in April to represent Canadian Hockey, there will be keen competition for the championship. Each provincial association affiliated with the Canadian Amateur Hockey Association is being asked for their views in the matter. Challenges will be pouring in in a few days as they must be in the hands of the provincial association by February 11 and transmitted to the secretary of the Canadian Amateur Hockey Association. According to reports from Vancouver, the British Columbia Amateur Hockey Association is seriously considering sending their senior "Finners East in quest of championship honors.

The knot which is tied in the amateur hockey race will be partially unraveled to-night, for two of the four teams in the race have to win if the games go on past midnight. With all the teams crowded on the same rung of the ladder after to-night's fray two will be sharing the top position and two the basement. The Great War Veterans and Senators set the ball rolling while the Two Jacks and the Elks provide the second game.

The Senators who have laboriously climbed out of the cellar to an even footing with the other three clubs are determined to hold their own from now on. Manager George Straith, Capt. Wickson and a lot of the fans believe that the Senators look like champions in spite of their indifferent showing until recently, and they have frequently been picked as the probable champions. The G. W. V. A. septette is the team which the Senators' manager believes is liable to give them a lot of trouble. The Vets have registered a new forward in Fred Orchard, who they declare is a man to get counters, and will strengthen the side considerably.

The Elks have handed out a couple of defeats already to the Two Jacks, 1-0 and 4-0, but on recent form either side is liable to pull off a victory.

UP ISLAND SOCCER.
With the object of reviving football interest in Nanaimo a large and enthusiastic meeting Saturday night in the Western Pastime Club decided to establish a city league of possibly six teams which would bring out the younger players and provide a championship team to represent the town in more important matches.

RUTH MAKES HAUL ON HIS PURCHASE PRICE
Boston, Feb. 9.—"Babe" Ruth announced to-day that he would attempt to obtain \$15,000 of the \$25,000 which the Red Sox are said to have received for his release to the New York Americans. Returning here from the Pacific Coast, Ruth said he had no intention of making trouble, that he would sign with New York at the salary agreed on, reported to be \$18,000 a year, but that he would endeavor to get a part of the price of his purchase from the Boston club. Ruth predicted he would exceed his home run record of last year.

TWO JACKS BILLIARDS.

Good progress has been made during the week in the play-off of the first round of the Two Jacks New Year billiard handicap, and one or two close finishes have resulted in the games decided so far, as will be seen from the following summary of results:

Lamb beat Warner by 87 points, Hick beat Brass by 25, Cook beat Hyne by 13, L. Spencer beat Patterson by 103, Hurd beat Hawkins by 55, Stevens beat Hillton by 57, Hbberson beat Husky by 32, Henderson beat Waterston by 47, Kelt beat Juniper by 61, Stewart beat Campbell by 71, Wood beat McCoubrey by 55, E. Petch beat Lawrence by 38, T. Renfrew beat Mowat by 6, Province beat Thornborrow by 59, Hall beat Kendrick by 16.

So far Hall is credited with the highest break of the tournament in proportion to handicap with a 49.

RACQUET CHAMPION

Philadelphia, Feb. 7.—Jock Soutar of the Philadelphia Racquet Club won the first of a series of two matches to-day from Otto Glicker, of Boston, for the American and Canadian title by the scores of 15-11, 15-11.

WON IN OVERTIME.

Winnipeg, Feb. 9.—The Edmonton University hockey team won somewhat of a surprise here Saturday when they won 2 to 1 over Manitoba representatives in a fast contest. Better combination by the visitors decided the issue, as the locals had an edge on the play, but individual efforts spoiled their good work. Mori starred in goal for Edmonton.

When "Back to God's Country" is shown on the screen of the Royal Victoria Theatre to-night for a run of four days it will represent the accomplishment of a task of incredible magnitude.

Aside from the fact that it is a graphic version of my original story, "Wapi, the Walrus," which was published in the Good Housekeeping Magazine not long ago, it has the distinction of having been made farther north than any other picture in the history of the screen. All the snow scenes were taken on the far shore of Lesser Slave Lake, north of the 56th parallel.

Frequently the temperature was fifty below zero and it was as cold as sixty degrees below the zero mark. In this frigid temperature it was found necessary to draw all oil from the cameras before they could be operated.

A matter of scientific interest is the fact that in this far northern latitude, over 20,000 feet of film were shot without a single foot of static. This remarkable result was achieved, undoubtedly, because the two cameras in use were constantly left out of doors.

Probably no group of actors ever had a more interesting experience than those who were engaged in the making of the northern scenes of the picture. I went ahead with David Hartford, the director, to pave the way for the company, the arrival of which was greeted with a number of dogs and sledges, which conveyed them from the line of rail into the frozen Arctic regions.

One of the most remarkable achievements in motion pictures, I believe, was accomplished when we

built a ship, one hundred and eighty feet long, in the ice of Lesser Slave Lake. This played the part of the frozen-in whaler, Flying Moon. The masts and heavy timbers were hewn out of the forest, but all lumber and other material had to be brought by dog sledge from the line of rail, miles away.

Upon arrival the members of the company found themselves in the midst of a howling wilderness. On the three sides of them were the frozen forests. North and east were the barren lands on which they were to enact the scenes for "Back to God's Country." Between them and the Arctic ocean there was not a foot of railroad of a settlement.

We burned night and day fires to keep out the intense cold. I passed up and down constantly among the actors, watching their faces and warning them at the first sign of frozen ears or noses. In spite of this scarcely a member of the company got away without a frozen ear, nose or cheek. One member suffered a frozen foot.

Despite the fact that cast members were begged to take proper precautions and minute care of themselves, Ronald Byron, the leading man, died soon after his arrival. The tragedy nearly resulted in giving up the venture.

Grit and determination on the part of the cast saved the day.

Some day somebody will write a corking good article on the unimportance of the most of the things men think important.

TOM MIX APPEARS AT COLUMBIA THEATRE

"Ace High" Is Story of North-
west Mounted Police
Work

The Northwest Mounted Police have a reputation of always defending their honor and that of the women who fall under their care. They are naturally a brave and daring set of men. No one would take up the work that they have to do if he were not.

In the new William Fox play, "Ace High," that will be at the Columbia Theatre commencing to-day, Tom Mix, the star, shows one of these policemen at his best, and presents a fine example of the way these men offer their lives again and again to save a woman from the viciousness of the dissolute men of the great Northwest.

Tom Mix is now one of the most popular persons on the screen, and he has been doing splendid work in his recent pictures. In this new one he appears in rather a different light as a member of the Northwest

Mounted Police. It gives him every opportunity to show his dash and daring, and he takes full advantage of it.

The play is particularly picturesque and has a strong love story woven in it. Everyone knows that Tom Mix can make love in a way quite different from all the other heroes of the screen. His last pictures have been so attractive that a great deal of interest is displayed in anything that he will do.

NAZIMOVA APPEARS HERE IN "THE BRAT"

Famous Actress Has Suitable
Vehicle in Dominion
Offering

The Brat, a child in years, loses her "job" in the chorus on account of her shabby appearance. As she is leaving the theatre her unusual beauty attracts Stephen Forrester, a dissolute young spendthrift, and he offers her new clothes—for a consideration. This she scornfully refuses. On her way home she stops before a lunch-room, but her purse is empty. Stephen, who has followed her, again offers her money and upon her refusal, becomes insulting. She slaps his face; a crowd gathers and she is arrested and taken to the Night Court. MacMillan Forrester, a successful author, has dropped into the court in search of local color. He sees the Brat and realizes she is the type he is looking for and proposes to the judge, who is a friend of his, that he be allowed to take her home—pro-

viding that she will be well cared for by his mother.

Fed, clothed and comfortable, the Brat is good to look at and MacMillan finds keen inspiration in her ready wit and fiery nature. His mother, however, and Angela his fiancée, are disgusted at what they consider another of his idiosyncrasies.

The Brat and Stephen meet again and she finds that he is MacMillan's younger brother. One day Stephen comes to his brother for money. MacMillan, busy with his book, asks the Brat to find the key to the safe. After giving the money to Stephen he returns the key to the girl and she drops it into her pocket. Stephen is hard pressed by a moneylender and is drinking heavily. Thinking to save him, the Brat takes the key from the cellarette and puts it in her pocket with the other.

Stephen and Angela are both intensely jealous of the Brat. The former, upon being refused more money, accuses his brother of being interested in the girl, while Angela misses no opportunity of insulting her and making her life miserable. MacMillan, however, is becoming more and more keenly interested in her.

The Brat is asked by the Bishop to dance for a charity bazaar. On going upstairs to dress she overhears Stephen and the money-lender in a hot argument. Stephen promises the money on the following day. As the Brat runs up the stairs she sees her and demands the key to the cellarette. She throws it to him, remark-

ing that he can drink himself to death if he wants to.

Stephen finds that the key is not for the cellarette but for the safe. He instantly sees the opportunity of getting the money for the man who is hounding him.

Owing to a spiteful trick of Angela's the Brat's dance is a failure, and, not waiting for the others, she rushes home in shame. She finds Stephen rifling the safe and takes the money from him. At this moment the others arrive and the Brat is accused of being the thief. With despair she sees that MacMillan also believes her guilty. Her misery is too much for Stephen and he confesses his guilt. The joy that spreads over MacMillan's face tells Angela where his love lies and she quietly places her engagement ring on the table and leaves the Brat and the author to their new-found happiness.

CORINNE GRIFFITH PICTURE IS HERE

Romano Presents Film Alive
With Vivid Story From O.
Henry's Works

What is the unknown quantity? Young folks in school and their elders who have not forgotten will answer X, the thing one has to use to solve a problem in algebra.

What is the unknown quantity that solves the greatest of all life's problems? The elusive, alluring, mysterious X, without which nothing in life is worth the while?

The answer is found in the Corinne Griffith picture, "The Unknown Quantity," which will be seen in the Romano Theatre to-day. O. Henry wrote the story from which the picture is adapted, and he came as near to human nature as any writer of his day.

Miss Griffith, Vitaphone star, has a role of striking appeal in this feature. She is the daughter of a baker who was ruined and sent to prison as the result of a corner in flour. The son of the man who engineered the corner sought to make restitution to her with his millions, but she spurned both him and his wealth. She hated him. He loved her. He applied the Unknown Quantity to the problem of changing her hate to affection. It is a fascinating theme and makes a fascinating photoplay in which all the atmosphere of O. Henry's works is maintained by Director Thomas R. Mills. In the supporting cast are Huntley Gordon, H. Davenport, Jack Ridgeway, Frederick Buckley and Jack McLean.

PANTAGES BOASTS THREE HEADLINERS

Bob Albright, Samanoff Trio
and Hill's Comedy Circus
Top Bill This Week

Topping the bill of Pantages vaudeville this week are three attractions of premier rating. They each appeal to the pleasure loving taste of the audiences in entirely different ways but with equal effectiveness. Oklahoma Bob Albright is present with his vocal and conversational entertainment; the Olga Trio present an artistic programme of instrumental music and a twenty-minute mixture of fun, fine training and keen animal intelligence is offered by Hill's Comedy Circus.

Will Hill deserves a great deal of credit for the skillful way he has produced his act. It is plain to be seen that the training of the little actors of his troupe has been a labor of love and the animals prove it in the confidence they repose in their master. The number consists of many attractive features such as blue ribbon ponies in military drill, acrobatic baboons, somersaulting dogs and "Sunny Jim," one of the biggest amusement offerings in the animal field on the stage. "Prisco" another pony member of the troupe, gives a clever demonstration of mental development, as he paws answers to rapid questions.

The Olga Samanoff Trio offers an artistic and refined instrumental programme with the violin, cello and piano. Aside from their ensemble work, each of the artists is heard in decidedly pleasing solo numbers.

Bob Albright is back with the line of entertainment that made him tremendously popular when in the city on previous occasions. Since last here he has enjoyed extended popularity along Broadway and his present offering reflects it to some extent.

The rest of the bill maintains the same degree of "class" and the sixth episode of the popular Pantagescope serial story contributes to an all-round popular show of vaudeville. The Bullowa Girls are three nifty maidens who do artistic and daring tricks on the tight wire with ease and grace that is admirable in itself. Eadie and Ramsden have a comedy surprise act entitled "Charlie's Visit," introducing singing and talking and many amusing eccentric coloration tricks and Denny and Dunnigan are a man and girl with nifty comedy singing turn which makes a decidedly decorative feature of the bill.

Nazimova in Her Latest Picture "The Brat" Rises to New Heights as an Actress

In her study of the strange little waif, Nazimova runs the entire range of the emotions. Never has she had a role that calls for so amazing a display of her powers of mimicry, facial expression and pantomime. "The Brat" is a creature of moods as variable as April zephyrs—as fleeting as sunbeams dancing on a bubble. And no more admirable impersonation than this could be found for Nazimova—star of a thousand moods.

DOUGLAS FAIRBANKS

IN MONSTER FILM

Variety Presents Screen Favorite in "When the Clouds Roll By"

The strenuous Fairbanks, whose surname is "Doug," has pulled another thriller, in producing his second independently produced picture for United Artists, "When the Clouds Roll By," which should crowd to its utmost capacity the Variety Theatre this week. "Doug" has had a habit of doing

unusual things but he exceeded expectations this time, despite the fact that this was his best production. Superfluous phrases which preceded his coming, in talking about the film, were more than lived up to, and this is one of the few pictures ever produced that fans really want to see over and over again.

The most unusual feature about the picture is the subject treated—superstitions. It's a touchy theme, to say the least, because of the millions of people in the country who really believe that they won't be married for seven years if they break a mirror, that they will have bad luck if a black cat crosses their path or that they will have a quarrel if they spill salt, and all the other hundred and one superstitious jinxes. But the way "Doug" handles the material is just to the liking of everyone, and moreover he comes through his terrible doings with the same optimistic smile and good will expression that he always does, smash-

ing to smithereens all the old hoax stuff. The second big impression that his production leaves is the massive settings that he constructed to make the picture. The final set alone, an entire town, which was built just so that "Doug" could stage a realistic

flood, the like of which was never before seen on the screen, or even as much as conceived, is wonderful. This unusual background served for the dramatic climax of the story and gave "Doug" the most remarkable setting he has ever had to do stunts that were all new to his following.

PUBLIC SHOULD TAKE EVERY PRECAUTION TO GUARD AGAINST "FLU"

Reports Show That Influenza Epidemic Is Gaining Headway in Many Sections of the Country.

KEEP SYSTEM IN BEST
POSSIBLE CONDITION

Persons Weak and Run-down Are Earliest Victims. Fortify Against Attacks By Taking Tanlac.

According to late press reports issued by state and city health authorities influenza is again becoming epidemic in many sections, and some alarm is now felt that it may become general over the entire country.

Owing to the lateness of the season it is not thought possible that the disease can become the great and terrifying scourge that it was last year, when it swept the entire country and claimed its victims by the hundreds of thousands. The danger is too great, however, to take any chances, and everything possible should be done to ward it off.

Medical authorities agree that people who are weak and run-down are the earliest victims of influenza. If you find yourself tired (and nervous), weak, and losing flesh, or if you are in a generally run-down condition or catch cold easily, this warning should be heeded promptly. You are really in danger if exposed to the disease, because it is generally

believed to be very contagious, and you are apt to fall an easy victim if you come in contact with the germs.

People who are well and strong are not likely to contract the disease because they are able to throw it off. The common-sense way to keep from taking it is to fortify the system against attack by building up the constitution. In other words, begin immediately to build up your powers of resistance.

To accomplish this it has been demonstrated that nothing on earth will strengthen you and build you up like Tanlac, the powerful reconstructive tonic which contains the very elements needed to build up the system and give you fighting strength to ward off the influenza germ.

First of all, Tanlac begins its work by creating a good, healthy appetite for wholesome, nourishing food, and assists every organ of the body to perform its natural function, thus helping to build up health and strength in the natural way.

Tanlac is also an ideal strengthening tonic for persons who are suffering from the after-effects of influenza, grippe, and bronchial troubles, and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are enclosed with every bottle of Tanlac.

It is also important that the everyday rules of hygiene be observed, that is, sleep in well-ventilated rooms, get plenty of fresh air and exercise, and keep away from crowds.

Tanlac is sold in Victoria by D. E. Campbell, corner Fort and Douglas. Advt.

STOMACH SUFFERERS

Says Indigestion Comes From an Excess of Hydrochloric Acid

A well-known authority states that stomach trouble and indigestion are nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, waterbrash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescent, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.

SPORTS

SUNDERLAND TEAM IS GOING STRONG

Well in Running For League and Cup Championships.

London, Feb. 8.—(By Canadian Press)—Sunday football was characterized by the surprising failures of clubs playing at home. West Bromwich notably succumbing to Sheffield United before 30,000 persons, both goals being scored by Jeffrey. Blackburn went down before Liverpool, who always seemed the superior team, although Blackburn was handicapped in the second half by injuries to Brooks. Miller scored both the Liverpool goals in the second half. Sheffield Wednesday, who succumbed to Preston, tried a new inside right named Taylor. Preston had all the luck throughout the first half, their goal by Miller coming five minutes after the change of ends. The progress made by Sunderland is remarkable and they are well in the running for the league and cup championships. Mordue scored twice within 10 minutes, Moore heading the third goal.

Chelsea's performance at Bolton was entirely creditable. All the scoring was done in the first half. Chelsea's goals were scored by Croal and Cook, while Vizard scored for Bolton.

Tottenham got another victory at the expense of Blackpool who have displayed good form throughout the season. Twelve thousand spectators were highly excited from the start to the finish. Walden's goal was successfully scored through a misunderstanding on the part of Blackpool's back, and that team sustained several casualties. Fulham had a narrow victory at Hull before 22,000 spectators. McIntyre headed through in the second half from a corner kick. Hull made desperate efforts to equalize. West Ham gained a fine victory over Port Vale before 20,000 spectators. Pridfoot performed the hat trick.

The Bristol-Clapton match was drawn and was notable for high feelling, fists coming into play among the players more than once. Warr was ordered off the field for kicking an opponent on the ground.

Cardiff gained a narrow victory over Swansea before 25,000. The solitary goal of the match was scored by Beare, five minutes before the close. Portsmouth's single goal was scored by Burdoy, after half an hour's play. The Plymouth attack was never impressive, although Kellock scored neatly.

WANDERERS BEAT BAYS; VICTORIA LOST TO VANCOUVER

League Leaders Won 21 to 12; High School Lost Nine to Nil

The Wanderers continued on the path of victory in the city rugby race Saturday when they beat the Bays fifteen by 21 points, three goals and two tries to 12 points, four tries. Sholto Gillespie opened the scoring by crossing the Bay line after a good run, D. M. Grant failing to convert from a difficult angle. Kerr got across the Bays' line for another try and this time Grant majorized. Bendro's great solo rush hung up the first score for the Bays and the half time score came with the Wanderers working hard in the James Bay territory.

Kerr crossed the line again for the Wanderers soon after the resumption for another three points, and Anderson made the score eleven to six by registering another try for the James Bay fifteen. Wilson got over for the Wanderers and Grant converted, putting the Wanderers well ahead again. Kerr got over for another and Grant converted before the James Bay men again broke in to the scoring column. News setting over after a hard spell of work near the Wanderers' line. Vincent, of the Bays, crossed the line for the last score of the game. Teams: Wanderers—Fullback, Williams; three-quarters, Kerr, S. Gillespie, E. Gillespie, Baum and McCallum; halfbacks, D. M. Grant and Robertson; forwards, Acland, Barracough, McIlre, Robinson, J. H. Wilson, T. Matson and Magann.

J. B. A.—Fullback, McDonald; three-quarters, Vincent, Bendrold, Johnson and Ambuster; halfbacks, McCulloch and Anderson; forwards, Stewart, McKinnon, Morris, Travis, Fraser, Bennett, Johnson and Monteth.

Easy Victories. At Vancouver the University of British Columbia rugger carried off two championships Saturday afternoon. The intermediate fifteen defeated a team picked from the Victoria High School and the senior team won an 8 to 3 victory over the Central for the Vancouver city championship. The 9 to 0 victory of the intermediates gives them the championship of the division for the Province.

The senior game was one of the best witnessed in Vancouver for a long time. The teams were evenly matched and interesting plays were numerous. The varsity back line played good rug and worried the Centrals considerably. The Centrals distinguished themselves in forward play. The first game between the varsity intermediates and Victoria was fast and interesting, the "U" playing a splendid open game and using their backs to advantage. In the second period the Victoria boys made many rushes, but were compelled to revert to the defensive again.

PARENT BODY TELLS JONES TO CARRY ON

Scores Victory at Toronto and Gets Credentials For England

Toronto, Feb. 7.—Con Jones was upheld in his stand regarding organized football in British Columbia by the Dominion Football Association officials in session here to-day. Representatives of the rival factions were heard at length in respect to affiliation with the Dominion Association. Jack Russell was the speaker who presented the other side of the case.

Jones contended that the body which he represented was the one which former President Campbell had granted affiliation; Russell argued that the one he was acting for was the organization so affiliated. Campbell, who was present, stated that he had granted affiliation to the B. C. Provincial Association and that, as Russell's association bears a different name, its claim should not be entertained. Commenting further on the situation, Mr. Campbell declared that the clubs represented by Jones are the only recognized body in British Columbia having the support of the parent body. This was endorsed by President Guthrie, who advised Russell to get his clubs in line with those so affiliated.

It was decided to bring out only one Old Country football team to Canada this Summer, and Jones was given credentials to use in England for conducting negotiations.

Although the decision as to what team would be brought out is dependent upon what agreement Con Jones can effect with the clubs on the other side, it was suggested that Newcastle United would be highly acceptable to soccer fans throughout the Dominion.

Jones will leave for the Old Country from New York on the Adriatic, sailing February 14. The Dominion Football Association will take 15 per cent. of the profit, if any. Jones goes over with credentials. If Newcastle United is not available Jones will try in order, Aston Villa, Everton, Chelsea, Celtic, and Rangers.

WINNIPEG BONSPIEL

Winnipeg, Feb. 9.—That there will be fully 200 rinks in the opening draw of the Winnipeg bonspiel, which opens Tuesday morning, was the prospect here last night when the entry list had reached 180 rinks. There are eighty-nine rinks entered, including six American rinks, one from British Columbia and several from Ontario.

Twas Said:

—that a hard-working fancy dealer had vainly ransacked the whole of his shop in his efforts to please an old lady who wanted to purchase a present for her granddaughter. For the fifteenth time she picked up and critically examined a neat little satchel.

"Are you quite sure that this is a genuine alligator skin?" she inquired.

"Positive, madam," quoth the dealer. "I shot the alligator myself."

"It looks rather soiled," said the lady.

"That, madam, is where it struck the ground when it fell off the tree."

This man's story certainly did not hang together. However, you need never worry when you come here to shop. We make no statements regarding our merchandise. You can depend upon what we say regarding our goods and what you see in our ads. If it is a little purchase or a large one—a tin of polish or a new range—you can depend upon it that our price is as low as high quality permits. Make it a point to come to this store for everything you require in the hardware line.

QUESTION CONCERNED EDUCATION OFFICIAL

Dr. Maclean Gives Information Regarding Dr. Robinson's Retirement

To questions asked in the House by Dr. Rose, Conservative Member for Nelson, the Provincial Secretary answered that there was no such position as Provincial Health Organizer and that Miss Forsshaw was not in the employ of the Government.

Dr. Maclean's answers to questions asked by W. R. Ross with regard to the ex-Superintendent of Education, were to the effect that Dr. Alexander Robinson ceased to hold that position on November 3, 1919, that he received no notice of retirement but was paid three months' salary after retirement. He had held the position for twenty years, from the time he was thirty-six until he was fifty-six years of age. The present Superintendent of Education was S. J. Willis, who was aged forty-two and received a salary of \$4,000. He was appointed because he was considered the best man in the Province for the position. This answer also disposed of the question, "Why was a returned soldier not appointed?"

J. H. Hawthornthwaite, member for Newcastle, will introduce a resolution on Tuesday asking that in view of the sacrifices which have been made by returned men, with regard to the curtailment of taxation upon property, and the cutting off of taxes on property assessed at \$2,000 and less, be carefully considered by the Legislature.

SIGNIFICANT MOTTO AT PEIRCE'S MEETING LAST SATURDAY NIGHT

W. E. Peirce, Bolshevik speaker announced at the Crystal Theatre Saturday night that he would not mind being deported to Russia, but he said that he did not want his family to be sent along with him.

The meeting was to have been a free-for-all Bolshevik debate, but no one turned up to oppose Mr. Peirce after the verbal contest he had with J. B. Clearhue, Rhodes scholar and economist, on the Saturday before. It was announced that Mr. Clearhue had been invited to appear again, but his excuse for not coming was that he was "moving house."

"It is funny how everyone who comes on this platform, no matter what he is advocating, says that he is not antagonistic to labor," said Mr. Peirce, referring to some of Mr. Clearhue's protestations. "But those who are against Bolshevism will all do anything for labor but get out of its way."

"The Bolsheviks were not responsible for the war or responsible for the present conditions. They are not responsible for the bulk of atrocities in Russia, for the lies, for the famine, for the high cost of living, although they get blame for it. Capitalism is responsible for all these things, and having brought them into existence it is utterly incapable of remedying them. Bolshevism is the only thing that has the power to set things right."

"Russia was on the verge of revolution when the war started because of the conditions of oppression. When Russia joined in with the Allies, the Russian peasant was said to be almost an angel because he was willing to lay down his life for the Czar. But later, when the Russian peasant was betrayed, nothing black enough could be said about him."

"Russia collapsed in the war before the Bolsheviks came in, because of the demoralization, the mismanagement, the corruption and the scandalous profiteering. Russia's withdrawal from the war was not caused by the Bolsheviks. It all took place before they took control. Russia has left more dead on the battlefield than France and England combined."

The motto of the meeting was placarded behind Mr. Peirce as follows: "Sic Governments sometimes demand the life of the people, it is not surprising that people sometimes demand the life of the Government."

Faint and Dizzy Spells

Weakness and Shortness of Breath

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak sinking, all-one feeling, choking sensation, etc.

Many men and women become run-down and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes: "I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting dizzy spells once in a while and also weakness and shortness of breath and would become so choked up at times I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss FLO KELLY, 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

BITRO-PHOSPHATE IS GOOD FOR THIN NERVOUS PEOPLE

A PHYSICIAN'S ADVICE.
Frederick S. Kelle, M. D., Editor of New York Physician "Who's Who," says that weak, nervous people who want increased weight, strength and nerve-force, should take a five-grain tablet of Bitro-Phosphate just before or during each meal.

This particular phosphate is the discovery of a famous French scientist, and reports of remarkable results from its use have recently appeared in many medical journals.

If you do not feel well; if you tire easily; do not sleep well; or are thin; go to any good druggist and get enough Bitro-Phosphate for a two weeks' supply—it costs only fifty cents a week.

Eat less; chew your food thoroughly, and if at the end of a few weeks you do not feel stronger and better than you have for months; if your nerves are not steadier; if you do not sleep better and have more vim, endurance and vitality, your money will be returned, and the Bitro-Phosphate will cost you nothing.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub well into the scalp. After several applications all dandruff usually goes and hair stops coming out. Every hair in your head soon shows new life, vigor, brightness, thickness and more color.
